anyone involved in the Watergate Investigations.

Interviews of subjects in the Watergate case or any
Watergate related matter revealed no propensity for violence.

As noted in the Watergate hearings and trial, GEORGE
GORDON LIDDY proposed kidnaping political figures during the

Re Baltimore report of SA WILLIAM J. CAMPBELL,
dated 10/25/74.

Enclosed for WFO are two xerox copies of a letter
received from Attorney KARL O. KRISSNER, 6401 New Hampshire
Avenue, Hyattsville, Maryland.

As set out in the letter, a suggestion is made that
in the course of the Watergate investigation, inquiry of
the Watergate witnesses be made to determine whether a
procedure, i.e., BRODY kidnapping, was contemplated, used
or authorized by them.

Mr. NORMAN BRODY, victims father, Bethesda, Mary-
land, has raised this issue, due to the reported residence
of E. HOWARD HUNT, a "Watergate" figure, at Potomac, Mary-
land, which is near the BRODY home.

Baltimore investigation, to date, in the BRODY
case, has not developed any connection with the "Watergate"
issue. Also there is not any information available to
indicate that the BRODY family is in any way associated with
those involved in "Watergate."

WFO is requested to advise Baltimore whether any information is available in the Watergate investigation, and related matters, which would indicate the individuals involved in the investigation, had any propensity for violent criminal acts, i.e., kidnapping, or whether any such schemes were proposed which would involve victims who were not politically active.

Re: William Brody

Dear Agent Campbell:

Mr. Brody has brought to my attention, and I trust by now yours, some rethinking in the matter of the kidnapping of his son within the posture of historical events which have been related within the last week at the so-called Watergate trial. Mr. Brody and William have reviewed this matter again and again and are impressed with the military precision by which the abduction was carried out and the apparent knowledge of the abductors of the plans of the Bureau so that the alleged homing device placed at or near the money was neutralized. Considering the recent referred to needs of money "just testified" and the apparent sophistication of these individuals, and further noting the dates and time sequences in which the entire matter unfolded, as well as the residential proximity of one individual to Mr. Brody, all have lead him to believe that perhaps additional inquiry might be appropriate.

While at first blush Mr. Brody's observations might seem astonishing, stranger things apparently have happened. Accordingly, it would be appreciated if in the course of your investigation of the so-called Watergate witnesses as to whether such a procedure was contemplated, used or authorized by them.

Very truly yours,

Karl G. Feissner

DATE: November 25, 1974

SUBJECT: JAMES WALTER MC CORD, aka, et al;
BURGLARY DEMOCRATIC HEADQUARTERS,
WASHINGTON, D. C., JUNE 17, 1972;
105, PERJURY, O0J

On November 21, 1974, SA Angelo Lano, Washington Field Office, advised that Carl Feldbaum, Assistant Watergate Special Prosecutor, requested that a Bureau document examiner be provided to perform examinations at the Executive Office Building at 9:30 a.m., November 22, 1974. Lano stated that it was his understanding that the examinations desired related to the dating of a document which could not be released for examination.

On November 22, 1974, SA James E. Lile, document examiner, met with Feldbaum at the office of William E. Casselman II, Assistant Counsel to the President, room 105, Executive Office Building. Feldbaum advised that it was desired that SA Lile examine a handwritten memorandum which was located in a vault in the Executive Office Building, copies of which had been previously obtained by the office of the special prosecutor. He specifically requested that the paper be examined to determine whether the document in question was possibly prepared subsequent to its purported date of preparation, April 14, 1973. Feldbaum was advised by SA Lile that under the existing circumstances, only preliminary examinations could be conducted and that in the absence of significant observable features such a determination might not be possible.

Memorandum to Mr. White
RE: JAMES WALTER MC CORD
139-4039

Feldbaum stated that he understood the limitations involved and added that there was no specific reason
to suspect that the document was prepared other than as
dated, but that the examination was merely for the purpose
of thoroughness.

Casselman advised that since the document in
question could not be removed from the vault in which it
is located, a memorandum of authorization would have to
be prepared by his office to allow entry into the vault
for the purpose of examining that document. A copy of
this memorandum of authorization is attached.

SA Lile, accompanied by Feldbaum and Stanley S.
Shaw, Jr. of Casselman's office, proceeded to room 84 of
the Executive Office Building and were allowed entry into
the locked vault located therein. They were accompanied
into the vault by two Secret Service personnel. Prior
to entering the vault, SA Lile was advised that no
photography nor other duplication of the questioned document
was permitted. It was observed that an automatic motion
picture camera was activated upon entering the vault and
remained activated for the duration of the examinations
which were conducted inside the vault.

The documents were contained in a manila
envelope which was removed from a cardboard box containing
additional items. Also observed in the cardboard box
were several red file envelopes, the top-most one identified
as being notes of conversations between John D. Ehrlichman
and the President. The questioned documents consisted of
four sheets of 8" X 10 1/2" White House letterhead stationery
bearing handwriting in blue ink which had been prepared
with a fiber-tipped pen, written on both sides of each sheet.
Examination of those sheets of paper determined that they
each bear an undated U. S. Government watermark which is
used in paper of one-hundred percent rag content.
Information available to the Laboratory, supplied by the
Government Printing Office, is that since September, 1969,
all bond paper purchased for use by the Federal Government
bears a watermark which includes the year date and indicates
the date of production of that paper. The absence of a year
date in the watermark would merely indicate that the paper
was purchased for distribution and use prior to September, 1969,
Memorandum to Mr. White
RE: JAMES WALTER MC CORD
139-4039

and, therefore, would not preclude the questioned document from having been prepared on the date indicated. No additional significant features were noted which might assist in determining the actual date of preparation of the questioned documents. Feldbaum was orally advised of the results of the examination by SA Lile.

Under the existing circumstances, SA Lile had no opportunity to read the entire document. However, it was noted that the text appeared to be a summary prepared by Ehrlichman as the result of a March, 1973, request from President Nixon concerning what the prosecution's approach might be to the various Watergate-related trials. Ehrlichman's comments were divided into various short paragraphs, each apparently dealing with a particular person or topic involved. No additional details could be obtained.

Other than the restrictions placed upon the handling of the questioned documents all persons involved displayed a friendly and cooperative attitude.

Memorandum

TO: Mr. Gebhardt

FROM: R. E. Long

DATE: December 4, 1974

SUBJECT: JAMES WALTER MCCORD, JR.; ET AL
BURGLARY OF DEMOCRATIC NATIONAL COMMITTEE HEADQUARTERS, 6/17/72
INTERCEPTION OF COMMUNICATIONS

By letter dated 11/20/74 James Walter McCord, Jr., forwarded to the Director 107 pages of documentary material alleging, among other things, Gerald Alch, the attorney who first represented McCord in his Watergate troubles, and others, committed perjury, obstruction of justice and other alleged offenses. Attached for approval is a letter of acknowledgment to McCord and a letter, with a copy of McCord's material, for personal delivery to Special Prosecutor Henry S. Ruth, Jr.

Review of the lengthy material submitted by McCord shows the following principal allegations: Alch committed perjury before the Ervin Committee in May, 1973, and later before the Federal Grand Jury; William O. Bittman, who was Howard Hunt's first attorney, committed perjury before the Federal Grand Jury on the subject of executive clemency; Prosecutor Earl Silbert, principal Assistant U. S. Attorney who handled this case before establishment of the Special Prosecutor's Office, and later Assistant Special Prosecutors James Neal and Richard Ben Veniste engaged in prosecutorial misconduct involving alleged coverup of the role of Bittman, Alch, F. Lee Bailey, Alch's law partner, and Bernard Shankman, also one of McCord's lawyers, in the Watergate coverup conspiracy; that these same prosecutors deliberately concealed evidence favorable to Gordon Liddy and McCord from the U. S. Court of Appeals; and that Neal and Ben Veniste concealed from the U. S. Court of Appeals sworn testimony relative to pressure on the four Miami defendants to plead guilty at the original Watergate trial in January, 1973.

McCord's letter states he sent the same material to Judge Sirica under date of 11/19/74 and that he, McCord, is available for interview by Bureau Agents. His 11/19/74 memorandum to Judge Sirica notes that "it hardly appears that the Special Prosecutor's Office is the proper body to" pursue his allegations.

Memorandum to Mr. Gebhardt
RE: JAMES WALTER MC CORD, JR.

OBSERVATIONS

It is of interest that McCord, a convicted Watergate burglar, is appealing his January, 1973, conviction. He alone among the seven original defendants has not served his original sentence and may possibly be endeavoring to have the FBI assist him in his appeal by his allegations against his first attorney Alch and other attorneys mentioned above. McCord was not particularly cooperative with us in connection with our conducting previous investigation of the Watergate affair and, in fact, has blasted us in magazine articles and in "A Piece of Tape," McCord's self-serving book about the Democratic National Committee (DNC) Headquarters break-in.

Despite McCord's reservations about the Special Prosecutor's Office and his allegations against Neal and Ben Veniste, it is the opinion of Assistant Director Mintz that we have little choice but to forward this material to Special Prosecutor Henry Ruth in view of the Attorney General's Order #551-73 dated 11/2/73, establishing the Office of Watergate Special Prosecution Force. That Order, and the appendix thereto, in part, states "The Special Prosecutor shall have full authority for investigating and prosecuting offenses against the United States arising out of the unauthorized entry into DNC Headquarters at the Watergate." In view of this, it is believed we should not interview McCord unless the Special Prosecutor requests us to.

RECOMMENDATIONS

1. That the attached letter be approved for forwarding to McCord to acknowledge receipt of his letter and to advise that it and the enclosures he sent have been forwarded to Special Prosecutor Henry S. Ruth, Jr., for his consideration of action he deems necessary.

2. That the attached letter to Mr. Ruth be approved for personal delivery to him by the Watergate Special Matters Unit, which has established liaison.

BURGLARY OF DEMOCRATIC NATIONAL
COMMITTEE HEADQUARTERS
JUNE 17, 1972
INTERCEPTION OF COMMUNICATIONS
Political pressure from the White House was conveyed to me in January, 1973 by John Caulfield to remain silent, take executive clemency by going off to prison quietly and I was told that while there I would receive financial aid and later rehabilitation and a job. I was further told in a January meeting in 1973 with Caulfield that the President of the United States was aware of our meeting, that the results of the meeting would be conveyed to the President, and that at a future meeting there would likely be a personal message from the President himself. The dates of the telephone calls set forth below are the current dates to the best of my recollection.

On the afternoon of January 8, 1973, the first day of the Watergate trial, Gerald Alch, my attorney told me that William O. Bittman, attorney for E. Howard Hunt, wanted to meet with me at Bittman's office that afternoon. When I asked why, Alch said that Bittman wanted to talk with me about "whose word I would trust regarding a White House offer of executive clemency." Alch added that Bittman wanted to talk with both Bernard Barker and me that afternoon.

I had no intention of accepting executive clemency, but I did want to find out what was going on, and by whom, and exactly what the White House was doing now. A few days before, the White
House had tried to lay the Watergate operation off on CIA, and now it was clear that I was going to have to find out what was up now. To do so involved some risks. To fail to do so was in my opinion to work in a vacuum regarding White House intentions and plans, which involved even greater risks, I felt.

Around 4:30 p.m. that afternoon, January 8th, while waiting for a taxi after the Court session, Bernard Barker asked my attorneys and me if he could ride in the cab with us to Bittman's office which we agreed to. There he got out of the cab and went up towards Bittman's office. I had been under the impression during the cab ride that Bittman was going to talk to both Barker and me jointly, and became angered at what seemed to me to be the arrogance and audacity of another man's lawyer calling in two other lawyer's clients and pitching them for the White House. Alch saw my anger and took me aside for about a half hour after the cab arrived in front of Bittman's office, and let Barker go up alone. About 5:00 p.m. we went up to Bittman's office. There Alch disappeared with Bittman, and I sat alone in Bittman's office for a period of time, became irritated, and went next door where Bernard Shankman and Austin Mittler, attorneys for me and Hunt respectively, were talking about legitimate legal matters. Alch finally came back, took me aside and said that Bittman told
him I would be called that same night by a friend I had known from the White House. I assumed this would be John Caulfield who had originally recruited me for the Committee for the Re-Election of the President position.

About 12:30 p.m. that same evening, I received a call from an unidentified individual who said that Caulfield was out of town, and asked me to go to a pay phone booth near the Blue Fountain Inn on Route 355 near my residence, where he had a message for me from Caulfield. There the same individual called and read the following message:

"Plead guilty"

One year is a long time. You will get Executive Clemency. Your family will be taken care of and when you get out you will be rehabilitated and a job will be found for you.

"Don't take immunity when called before the Grand Jury."

The same message was once again repeated, obviously read.

I told the caller I would not discuss such matters over the phone. He said that Caulfield was out of town.

On Wednesday evening, January 10, the same party called and told me by phone that Jack would want to talk with me by phone on Thursday night, January 11, when he got back into town, and requested that I go to the same phone booth on Route 355 near the Blue Fountain Inn. He also conveyed instructions regarding meeting Caulfield on Friday night, January 12.
On Thursday evening, January 11, the same party called me at home and told me that Caulfield's plane was late and that he wanted to meet with me personally the same evening after arrival. I told him that I would not do so but would meet with him Friday night if he desired. Later that evening about 9:30 p.m., Caulfield called me on my home phone and insisted on talking with me but my family refused to let him do so, since I was asleep.

On Friday night, January 12, from about 7:00 p.m. to 7:30 p.m. I met with Caulfield at the second overlook on George Washington Parkway in Virginia and talked with him in his car. Caulfield advised that he had been attending a law enforcement meeting in San Clemente, California, and had just returned. I advised him that I had no objection to meeting with him to tell him my frame of mind but that I had no intention of talking executive clemency or pleading guilty; that I had come to the meeting at his request and not of my own, and was glad to tell him my views.

He said that the offer of executive clemency which he was passing along and of support while in prison and rehabilitation and help toward a job later "was a sincere offer". He explained that he had been asked to convey this message to me and was only doing what he was told to do. He repeated the last statement several times.
My response was that I would not even discuss executive clemency or pleading guilty and remaining silent, but I was glad to talk with him, so that there was no misunderstanding on anyone's part about it.

Caulfield stated that he was carrying the message of executive clemency to me "from the very highest levels of the White House". He stated that the President of the United States was in Key Biscayne, Florida, that weekend, had been told of the forthcoming meeting with me, and would be immediately told of the results of the meeting." He further stated that "I may have a message to you at our next meeting from the President himself."

I advised Caulfield that I had seen the list of witnesses for the trial and had seen Jeb Magruder's name, appearing as a government witness. I advised him that it was clear then that Magruder was going to perjure himself and that we were not going to get a fair trial. Further I told him that it was clear that some of those involved in the Watergate case were going to trial, and others were going to be covered for (I was referring to John Mitchell, John Dean and Magruder) and that was not my idea of American justice. I further advised Caulfield that I believed that the government had lied in denying electronic interception of my phone calls from my residence since June 17, 1972, and that I believed that the administration had also tapped the phones of the other defendants during that time. I mentioned two specific calls of mine which I had made during September and early
October 1972, which I was certain had been intercepted by the
government, and yet the government had blithely denied any such
tapping. I compared this denial to the denial the government
had made in the Ellsberg Case, in which for months the govern-
ment had denied any such impermissible interception of the
calls and yet in the summer of 1972 had finally been forced
to admit them when the Judge ordered, by court order, a search
of about a dozen government agencies, and calls intercepted were
then disclosed. I stated that if we were going to get a fiction
of a fair trial, through perjured testimony to begin with, and
then for the government to lie about illegal telephone intercep-
tions, that the trial ought to be kicked out and we start all
over again, this time with all of those involved as defendants.
At least in this way, 'some would not be more equal than others'
before the bar of justice and we would get a fair trial.

The executive clemency offer was made two or three times
during this meeting, as I recall, and I repeated each time that
would not even discuss it, nor discuss pleading guilty, which I
had been asked to do in the first telephone call received on
the night of January 8, from Caulfield's friend, whose identity
I do not know. I told him that I was going to renew the motion
on disclosure of government wiretapping of our telephones.
Caulfield ended the conversation by stating that he would call me the next day about a meeting that same afternoon, Saturday, January 13, and that if I did not hear from him, he would want to talk with me by telephone on the evening of Monday, January 15, 1973.

I did not hear from Caulfield on Saturday but on Sunday afternoon he called and asked to meet me that afternoon about an hour later at the same location on George Washington Parkway. He stated that there was no objection to renewing the motion on discovery of government wiretapping, and that if that failed, that I would receive executive clemency after 10 to 11 months. I told him I had not asked anyone's permission to file the motion.

He went on to say that "the President's ability to govern is at stake. Another Teapot Dome Scandal is possible, and the government may fall. Everybody else is on track but you. You are not following the game plan. Get closer to your attorney. You seem to be pursuing your own course of action. Don't talk if called before the Grand Jury, keep silent, and do the same if called before a Congressional Committee."

My response was that I felt a massive injustice was being done, that I was different than the others, that I was going to fight the fixed case, and had no intention of either pleading guilty, taking executive clemency or agreeing to remain silent. He repeated the statement that the government would have diffi-
culty in continuing to be able to stand. I responded that they do have a problem, but that I had a problem with the massive injustice of the whole trial being a sham, and that I would fight it every way I knew how. He asked for a commitment that I would remain silent and I responded that I would make none. I gave him a memorandum on the dates of the two calls of mine in September 1972 and October 1972 that I was sure had been intercepted, and said that I believed the government had lied about them. He said that he would check and see if in fact the government had done so.

On Monday night, January 15, 1973, Caulfield called me again at the phone booth on Route 355 near my residence. I informed him that I had no desire to talk further, that if the White House had any intention of playing the game straight and giving us the semblance of a fair trial they would check into the perjury charge of mine against Magruder, and into the existence of the two intercepted calls previously referred to, and hung up.

On Tuesday morning, about 7:30 a.m., Caulfield called my residence but I had already left for Court.

On Tuesday evening, Caulfield called and asked me again to meet with him and I said not until they had something to talk about on the perjured testimony and the intercepted calls. He said words to the effect "give us a week," and a meeting was subsequently arranged on January 25, 1973 when he said he would have something to talk about.
About 10:00 a.m. on Thursday, January 25, 1973, in a meeting lasting until about 12:30 a.m., we drove in his car toward Warren-
ton, Virginia, and returned, and a conversation ensued which repeated the offers of executive clemency and financial support while in prison, and rehabilitation later. I refused to discuss it. He stated that I was "fouling up the game plan." I made a few comments about the "game plan." He said that "they" had found no record of the interception of the two calls I referred to, and said that perhaps it could wait until the appeals. He asked what my plans were regarding talking publicly, and I said that I planned to do so when I was ready; that I had discussed it with my wife and she said that I should do what I felt I must and not to worry about the family. I advised Jack that my children were now grown and could understand what I had to do, when the disclosures came out. He responded by saying that "You know that if the Adminis-
tration gets its back to the wall, it will have to take steps to defend itself." I took that as a personal threat and I told him in response that I had had a good life, that my will was made out and that I had thought through the risks and would take them when I was ready. He said that if I had to go off to jail that the administration would help with the bail premiums. I advised him that it was not a bail premium, but $100,000 straight cash and
that that was a problem I would have to worry about, through family and friends. On the night before sentencing, Jack called me and said that the administration would provide the $100,000 in cash if I could tell him how to get it funded through an intermediary. I said that if we ever needed it I would let him know. I never contacted him thereafter; neither have I heard from him.
ALTHOUGH EHRlichman TOLD HIm THAT HE (COLSON) SHOULD NOT DISCUSS THIS SUBJECT WITH THE PRESIDENT, THAT HE, IN FACT, THOUGHT IT WAS SO IMPORTANT THAT HE HAD TAKEN IT UP WITH THE PRESIDENT HIMSELF. I ALSO
LEARNED SHORTLY THEREAFTER, AS A RESULT OF A TELEPHONE CALL FROM O'BRIEN, THAT EINSPAN HAD INFORMED O'BRIEN THAT HUNT WAS SATISFIED WITH COLSON'S ASSURANCES.

Caulfield's dealings with mcCord (January 1973)

While I was in California during late December/early January, 1973, I received a call from Mr. Fielding, who told me that Jack Caulfield had received a letter from mcCord. Fielding was not explicit regarding the contents of the letter, and said that he had taken down the letter and that I could read it when I returned in the next day or so to the office. I have submitted a copy of the letter to the Senate Select Committee.

Caulfield was a former official of the Office of President in the Office.

All information contained herein is unclassified.

Date: February 1973

(From John Dean's prepared statement before the Senate Select Committee, June 25, 1973.)
WITH THE ORIGINAL. I DO NOT KNOW WHAT I DID WITH THE ORIGINAL, ETC.

I BELIEVE I GAVE IT TO PAUL O'BRIEN. I KNOW THAT O'BRIEN AND I
DISCUSS ED THE MATTER, BECAUSE HE TOLD ME THAT MCCORD WAS NOT COOPER-
ATING WITH HIS LAWYER - MR. ALCH. O'BRIEN ALSO TOLD ME THAT BITTIN
HAD PLANNED A CIA DEFENSE TO THE CASE, BUT MCCORD WHO INITIALLY HAD
BEEN WILLING TO GO ALONG, LATER REFUSED.

O'BRIEN SUBSEQUENTLY TALKED WITH MITCHELL ABOUT THE MATTER,
BECAUSE MITCHELL CALLED ME AND INFORMED ME THAT HE HAD DISCUSSED THE
MATTER WITH O'BRIEN, AND MITCHELL ASKED ME TO REQUEST THAT JACK
CAULFIELD TALK WITH MCCORD TO FIND OUT WHAT HE WAS GOING TO DO. I
TOLD MITCHELL I WOULD ASK CAULFIELD TO SPEAK WITH MCCORD. WHEN I
LATER TRIED TO REACH CAULFIELD HE HAD GONE TO CALIFORNIA FOR A
DRUG CONFERENCE. I LATER INFORMED MITCHELL THAT CAULFIELD WAS OUT
OF TOWN.

IT WAS ON JANUARY 10TH, THAT I RECEIVED CALLS FROM BOTH
O'BRIEN AND MITCHELL INDICATING THAT SINCE HUNT HAD BEEN GIVEN ASSUR-
ANCE OF CLEMENCY AND THAT THOSE ASSURANCES WERE BEING PASSED BY HUNT
TO THE OTHERS, THAT CAULFIELD SHOUL D GIVE THE SAME ASSURANCES TO
MCCORD, WHO WAS BECOMING AN INCREASING PROBLEM AND AGAIN I WAS TOLD
THAT MCCORD'S LAWYER WAS HAVING PROBLEMS WITH HIM. BOTH O'BRIEN
AND MITCHELL TOLD ME THAT MCCORD HAD REPORTED TO THEM THAT MCCORD HAD
DISAPPEARED, BECAUSE HUNT, BOTTORF, AND HIS LAWYER-ALCH HAD LOST

THE TRAIL. YES, I WAS INFORMED I THINK.
BASIS ON THE EARLIER CONVERSATION I HAD WITH EHRLICHMAN

ON THE 15TH OF JANUARY THAT THE CLEMENCY ASSURANCE THAT HAD BEEN
GIVEN TO HUNT WOULD ALSO APPLY TO THE OTHERS, AND COLSON'S DESCRI-
PTION OF HOW HE HAD GIVEN BITTMAN A GENERAL ASSURANCE, WITHOUT BEING
SPECIFIC AS TO THE COMMITMENT, I CALLED CAULFIELD LATER THAT DAY
TO REQUEST THAT HE GET IN TOUCH WITH MCCORD. CAULFIELD TOLD ME
THAT IT WOULD BE VERY DIFFICULT, BECAUSE HE WAS GOING TO BE IN
CALIFORNIA FOR SEVERAL MORE DAYS. CAULFIELD INDICATED THAT IT WOULD
BE EASIER FOR MR. ULASEWICZ RATHER THAN HIMSELF TO TALK
WITH MCCORD, BECAUSE HE WAS TIED UP WITH A LOT OF PEOPLE AT
THE DRUG CONFERENCE. I SAID FINE AND THEN GAVE HIM THE
CLEMENCY MESSAGE SIMILAR TO THE MESSAGE THAT COLSON HAD
TRANSMITTED TO HUNT VIA BITTMAN. CAULFIELD WROTE DOWN THE
GIST OF THE MESSAGE, HE REPEATED HIS NOTES BACK, I SAID THAT
WAS FINE, AND TOLD HIM I THOUGHT THAT MCCORD WOULD BE
EXPECTING TO HEAR FROM HIM AS SOON AS POSSIBLE. CAULFIELD
SAID HE WOULD HAVE THE MESSAGE DELIVERED RIGHT AWAY.

ON JANUARY 11TH, I RECEIVED A CALL FROM O'REILLY, WHO ASKED
ME IF THE MESSAGE HAD BEEN DELIVERED BY CAULFIELD. I TOLD HIM THAT
IT HAD NOT, BUT THAT I HAD TOLD CAULFIELD PERSONALLY AND ASKED HIM TO CALL MCCORD. I
TOLD HIM I WOULD TRY TO ARRANGE IT. O'REILLY TOLD ME HE WAS GOING TO
BE OUT OF TOWN, BUT I COULD REACH HIM IF THERE WERE ANY PROBLEMS.

HE TOLD ME HE WAS KEEPING MITCHELL POSTED AND REQUESTED I KEEP HIM POSTED. O'BRIEN SAID THAT HE NEED A FIRST HAND READING ON McCORD FROM SOMEONE HE WILL TALK WITH, BECAUSE HE IS NOT TALKING OPENLY WITH HIS LAWYER ABOUT WHAT HE PLANS TO DO. I TOLD O'BRIEN I WOULD CALL HIM (O'BRIEN) AS SOON AS I LEARNED ANYTHING.

I CALLED CAULFIELD ON JANUARY 11TH AND TOLD HIM THAT McCORD WANTED TO MEET WITH HIM AND ASKED HIM IF HE WOULD DO SO AND TAKE McCORD'S PULSE AS TO WHAT HE PLANNED TO DO. HE TOLD ME HE WOULD MEET McCORD AS SOON AS HE RETURNED TO WASHINGTON.

ON FRIDAY, JUNE 12TH, MITCHELL CALLED ME FOR A REPORT. I TOLD HIM I THOUGHT I WOULD HEAR FROM CAULFIELD AFTER HE TALKED TO McCORD. CAULFIELD CALLED ME AT HOME FRIDAY NIGHT TO INFORM ME THAT HE HAD MET WITH McCORD AND SUGGESTED WE MEET AT MY OFFICE IN THE MORNING SO HE COULD GIVE ME A REPORT. I SAID FINE, AND ON SATURDAY MORNING WE MET AND HE GAVE ME A REPORT. THE SUBSTANCE OF THE REPORT WAS McCORD HAD NOT DECIDED WHAT HE WAS GOING TO DO, BUT THAT HE WANTED HIS FREEDOM. CAULFIELD REPORTED THAT McCORD WAS VERY ANNOYED AT MAGRUDER. HE HAD SEEN A PICTURE OF MAGRUDER IN THE PAPER WHICH HAD PEAKED HIS ANNOYANCE. HE ALSO TOLD CAULFIELD THAT HE HAD A PLAN THAT WOULD ENABLE HIM TO GET HIS CASE DISMISSED, BUT HIS LAWYER HAD NOT HELPED HIM WITH THE MATTER AND THE GOVERNMENT HAD LIED TO HIM. HE EXPLAINED THAT HE HAD MADE
CALLS TO CERTAIN FOREIGN EMBASSIES, AND THAT THESE CALLS HAD BEEN
RECORDED, BUT THE GOVERNMENT WOULD NOT ADMIT IT.

DURING THIS MEETING WITH CAULFIELD I RECEIVED A CALL
FROM EITHER JOHN MITCHELL OR O'BRIEN REQUESTING A REPORT ON THE
MEETING. I TOLD THE CALLER THAT I WAS GETTING A REPORT FROM
CAULFIELD AND WOULD CALL BACK. CAULFIELD TOLD ME THAT MCCORD WAS
VERY ADAMANT ABOUT HIS PLANS TO GAIN HIS FREEDOM THROUGH THE PHONE
CALLS THAT HE HAD MADE TO THE FOREIGN EMBASSIES. I TOLD CAULFIELD
I REALLY DID NOT UNDERSTAND WHY MCCORD THOUGHT HE COULD GET HIS
CASE DISMISSED BY REASON OF THE WIRETAPE, BUT I WOULD GIVE IT SOME
THOUGHT. CAULFIELD TOLD ME THAT IT WAS HIS ASSESSMENT THAT MCCORD
WOULD ONLY RESPOND TO A DIRECT REQUEST FROM THE PRESIDENT. I TOLD
CAULFIELD THAT IF HE COULDN'T MAKE SUCH A STATEMENT BECAUSE I
HAD NO SUCH REQUEST FROM THE PRESIDENT, BUT I SUGGESTED HE
MEET AGAIN WITH MCCORD AND KEEP HIM HAPPY BY TELLING HIM WE
WERE CHECKING OUT THE MATTER OF HIS CONVERSATIONS WITH THE
EMBASSIES.

LATER THAT AFTERNOON, CAULFIELD REPORTED AGAIN TO ME THAT
MCCORD WAS ONLY INTERESTED IN HIS THEORY ABOUT THE CALLS TO THE
EMBASSIES. I TOLD CAULFIELD TO KEEP IN TOUCH WITH MCCORD, BUT I
COULDN'T MAKE ANYTHING HAPPEN. AS OF THAT TIME, I TOLD
CAULFIELD TO TELL MCCORD GIVE ME A CALL ON WHY HE THOUGHT THAT HIS
CALLS TO THE EMBASSIES WOULD RESULT IN DISMISSAL OF HIS CASE. I
CALLED O'BRIEN AND TOLD HIM WHAT HAD TRANSPIRED. ON MONDAY MORNING, I REPORTED TO MITCHELL WHAT CAULFIELD HAD REPORTED.

IT WAS SOME TIME DURING THIS PERIOD THAT AS A RESULT OF MY REPORTS OF CAULFIELD MEETINGS WITH MCCORD, THAT O'BRIEN, MITCHELL AND MR. ALCH DISCUSSED HAVING F. LEE BAILEY, ALCH'S PARTNER MEET WITH MCCORD AND INFORM HIM THAT HE WOULD PERSONALLY HANDLE HIS CASE ON APPEAL. MITCHELL WAS TO TALK WITH MR. BAILEY ABOUT THIS. I DO NOT KNOW WHAT HAPPENED REGARDING THIS PROPOSED PLAN.

ON JANUARY 19TH OR 20TH, MR. CAULFIELD BROUGHT ME COPIES OF MCCORD'S MEMO REGARDING HIS INTERCEPTED CONVERSATIONS TO THE EMBASSIES. I HAVE SUBMITTED THESE DOCUMENTS TO THE COMMITTEE (EXHIBIT NO. 28). I NEVER DID ANYTHING WITH THESE DOCUMENTS, OTHER THAN INFORM MITCHELL I HAD RECEIVED THEM AND I SHOVED THEM TO MR. O'BRIEN IN MY OFFICE. I DO NOT RECALL EVER TALKING WITH ANYONE AT THE DEPARTMENT OF JUSTICE, REGARDING MCCORD'S PROPOSAL.

AT THIS TIME I CONCLUDED THAT MCCORD WAS GOING TO DO WHAT HE THOUGHT BEST FOR HIMSELF.

HANDLING LINDY'S CALL TO KROGH (JANUARY, 1973)

ON JANUARY 21ST, LINDY CALLED MR. KROGH. KROGH'S SECRETARY RECEIVED THE CALL AND HE SAID THAT IT HAD RECEIVED A LETTER FROM AN INVESTIGATOR FOR THE SPECIAL COUNCIL COMMITTEE ABOUT HIS RELATIONSHIP WITH KROGH. THE LETTER WAS PART OF AN INVESTIGATION.
GOING TO CONTINUE. I RECALL THAT WHILE HALEY, EHRLICHMAN AND I
WERE SITTING AT A SMALL TABLE IN FRONT OF THE PRESIDENT IN HIS EX-
ECUTIVE OFFICE BUILDING THAT I FOR THE FIRST TIME SAID IN FRONT OF
THE PRESIDENT THAT I THOUGHT THAT HALEY, EHRLICHMAN AND DEAN
WERE ALL INDICTABLE FOR OBSTRUCTION OF JUSTICE AND THAT WAS THE
REASON I DISAGREED WITH ALL THAT WAS BEING DISCUSSED AT THAT POINT
IN TIME. I COULD TELL THAT BOTH HALEY, AND PARTICULARLY EHRLICH-
MAN, WERE VERY UNHAPPY WITH MY COMMENTS. I HAD LET THEM VERY
CLEARLY KNOW THAT I WAS NOT GOING TO PARTICIPATE IN THE MATTER ANY
FURTHER AND THAT I THOUGHT IT WAS TIME THAT EVERYBOD START THINKING
ABOUT TELLING THE TRUTH. I AGAIN REPEATED TO THEM I DID NOT THINK
IT WAS POSSIBLE TO PERPETUATE FURTHER THE COVER-UP AND THE IMPORTANT
THING NOW WAS TO GET THE PRESIDENT OUT IN FRONT OF IT.

MEETING OF MARCH 22ND

THE ARRANGEMENTS HAD BEEN MADE TO HAVE A MEETING AFTER LUNCH
WITH THE PRESIDENT WITH EHRLICHMAN, HALEY, MITCHELL AND MYSELF.

MR. MITCHELL CAME TO WASHINGTON THAT MORNING FOR A MEETING IN
HALEY'S OFFICE IN WHICH EHRLICHMAN, MITCHELL, HALEY AND MYSELF
WERE PRESENT. I RECALL THAT ONE OF THE FIRST THINGS THAT EHRLICHMAN
SPOKE OF MITCHELL WAS WHETHER HURT'S MONEY PROBLEM HAD BEEN TAKEN

ONE OF MITCHELL CAME TO TELL US THAT HE SAID IF ANYONE WAS A PROBLEM ANY
OTHER, THEN FOLLOWED A GENERAL DISCUSSION OF THE STATUS OF
THE SENATE HEARINGS, AND THE DISCUSSION LATER IN MEETINGS.
IT HAD BEEN MY IMPRESSION THAT Haldeman AND Ehrlichman WERE GOING TO TRY TO GET MITCHELL TO COME FORWARD AND EXPLAIN HIS INVOLVEMENT IN THE MATTER. THIS DID NOT OCCUR. MITCHELL SAID THAT HE THOUGHT THAT EVERYTHING WAS GOING ALONG VERY WELL WITH THE EXCEPTION OF THE POSTURE OF THE PRESIDENT ON EXECUTIVE PRIVILEGE. HE SAID THAT HE FELT THAT THE PRESIDENT WAS GOING TO HAVE TO BACK DOWN SOMEWHAT OR IT WOULD APPEAR HE WAS PREVENTING INFORMATION FROM COMING OUT OF THE WHITE HOUSE. I RECALL THAT EHRLICHMAN LEFT THE MEETING BEFORE IT HAD TERMINATED BECAUSE HE WAS GOING TO MEET SECRETARY SCHULTZ.

I WAS ALSO CALLED OUT OF THE MEETING ABOUT NOON TIME WHEN A MESSAGE WAS SENT TO ME BY ZIEGLER THAT IT WAS IMPORTANT HE SEE ME IMMEDIATELY. THIS HAD TO DO WITH THE STATEMENT THAT WAS RUNNING ON THE WIRES THAT GRAY HAD SAID THAT I HAD PROBABLY LIED AND ZIEGLER WANTED TO KNOW HOW TO HANDLE IT. ACCORDINGLY, I DEPARTED THE MEETING AND WENT INTO A MEETING WITH ZIEGLER AND MORE TO DISCUSS GRAY'S COMMENT. I RETURNED TO HALDEMAN'S OFFICE WHERE MITCHELL AND HALDEMAN AND I HAD LUNCH. DURING LUNCH THERE WAS SOME CONTINUED CONVERSATION ABOUT THE GENERAL PROBLEMS. MR. MITCHELL RAISED THE FACT THAT P. LEE BAILLY, WHO HAD BEEN VERY HELPFUL IN DEALING WITH ARCO, HAD A PROBLEM THAT HE WOULD LIKE TO BRING UP. HE THEN SAID THAT MR. BAILLY HAD A CLIENT WANTED TO DO SOME BUSINESS IN ONE OF THE FOREIGN COUNTRIES, BUT THAT IT COULD ONLY BE DONE AS A COVENANT WITH THE COUNTRY نفسها. BAILLY SAID THE GOLD COULD BE TURNED OVER TO THE GOVERNMENT WITHOUT THE INDIVIDUAL BEING
AFFIDAVIT OF JAMES W. MCCORD, JR.

I, James W. McCord, Jr., being duly sworn do state the following:

Having carefully monitored "Phase I" of the so-called Watergate hearings before the Senate Select Committee on Presidential Activities, affiant believes that the hearings, which were completed only on September 25, 1973, produced and clarified certain evidentiary points which directly bear upon affiant's pending Coram Nobis Motion (in this case) either for Acquittal or a new trial. References are made in this affidavit to pages in the hearings transcript of the Senate Select Committee (hereinafter "Committee"), and to A Report to the Special Prosecutor on Certain Aspects of the Watergate Affair, prepared by Mr. Charles Morgan of the American Civil Liberties Union (hereinafter "Special Report"), asserting abuse of the trial process by government prosecutors in the January 1973 Watergate trial. Special attention is drawn to the following pages of that Special Report in that regard: pp. 11, 14, 15, 16, 17, 23, 45, 65, 79, 39, 41, 58, 59, 60-67, 100-105.

Other pages of the Special Report are referred to elsewhere in this affidavit, especially in regard to failure of defense counsel to cross-examine during that trial. A copy of the Special Report is appended to this affidavit as attachment "A" and is made a part hereof by reference.

1. On or about October 25, 1972, Mr. John Albert Johnson (Gerald Alich's assistant) appeared in Washington for a hearing in affiant's criminal case. On completion of that hearing, Johnson called affiant and advised him that he had "something important" to tell him, but did not specify the nature of the message. Some days later, Alich telephoned and said that Johnson had been approached by the Assistant U.S. Attorneys enquiring whether affiant would take the stand at his trial and give evidence, i.e., turn state's evidence. Alich said that Johnson told another "before we got a deal with the Judge", "Alich said this was meaningless, affiant agreed, and the subject was
2. In March, 1973, affiant read that the prosecutors claimed that, in October, 1972, they had communicated an offer to affiant's defense attorneys to "drop all but one charge" against affiant in exchange for his testimony at the trial. Such an offer was never conveyed to affiant by Gerald Alch, F. Lee Bailey, or any member of their law firm.

3. Further lack of fidelity on the part of Gerald Alch was evidenced in the sworn testimony of John Dean on June 25, 1973:

   It was sometime during this period (January 1973, during trial) that as a result of my reports of Caulfield's meetings with McCord, that (Paul) O'Brien, (John) Mitchell, and Alch discussed having F. Lee Bailey, Alch's partner, meet with McCord and inform him that he would personally handle his case on appeal. Mitchell was to talk with Mr. Bailey about this. (see Committee hearings, p. 2277)

4. Later in his testimony on June 25, 1973, Dean testified:

   During lunch (between Robert Haldeman, John Erlichman, John Mitchell and Dean on March 21, 1973 at the White House) there were some continued conversations about the general problems. Mr. Mitchell raised the fact that F. Lee Bailey who had been very helpful in dealing with McCord, had a problem that he would like to bring up. He said that Mr. Bailey had a client who had an enormous amount of gold in his possession and would like to make an arrangement with the government, whereby the gold could be turned over to the government without the individual being prosecuted for holding the gold. Mitchell was addressing his request to Haldeman...

   (see Committee hearings, p. 2330)

To affiant, it is clear from John Dean's testimony that his attorney Gerald Alch, prior to and during trial, was serving as a government informant for the White House, and for the Committee to Re-Elect the President, in regard to the substance of attorney-client discussions by Alch with McCord, including discussions about trial strategy and plans, and that Alch was performing many acts adverse to affiant's interest. He was dealing not only with Paul O'Brien, counsel to the Committee to Re-Elect the President, but also with the White House via ex-Attorney General John Mitchell, who affiant had advised Alch was a principal in the Watergate operation. Affiant had advised Alch of this on July 3, 1972.
5. The defense of duress, put forth by affiant's counsel at trial, was not one that affiant fully understood then or now. Affiant had no belief that it would succeed, and he believes that his attorney knew that it would fail.

6. The January 1973 trial transcript is replete with examples of Alch's failure to cross-examine government witnesses on the stand--Jeb Stuart Magruder, Herbert Porter, and Hugh Sloan particularly. And these were the ones that the prosecution used as the basis for its opening and closing statements of the case, making the case that G. Gordon Liddy was the overall "director" of the operation, and that it went no higher in CRP or into the White House, when in fact the contrary was true. (see sworn testimony of Jeb Magruder, John Dean, and James McCord, all before the Senate Watergate Committee). The trial judge himself criticized the defense attorneys as well as the prosecutors for failure to cross-examine key witnesses, particularly Sloan (see trial transcript pp. 1723, 1724, 1733, 1752-54, 1756, 1717-19).

7. Acting FBI Director L. Patrick Gray III has testified under oath before the Committee that he destroyed files of E. Howard Hunt's, from Hunt's White House office, at the instruction of John Erlichman and John Dean, and that he, Gray, did so in December 1972 around Christmas, a matter of days before the Watergate trial began on January 8, 1973. Gray claims that he did not read all of the files so destroyed, therefore he has no way of knowing, one way or another, whether the files contained material relevant to the defense of the two Watergate defendants, affiant and G. Gordon Liddy, who stood trial in January 1973 (Committee transcript pp 7075).

8. Peter Wolf, a Washington, D. C. lawyer, on April 19, 1973, filed in Judge John Sirica's Court a motion for a protective order and said therein:

"Late in the spring of 1972, I received a call from a client I had represented in a prior matter. He informed me that he was in danger of losing the use of his home if in his possession approximately eight case and pockets, containing..."
among other things, the contents of E. Howard Hunt's desk—at the White House, in the White House before the F.B.I. got there, including plans to "bug" the Watergate...Very shortly after the first conversation I telephoned Principal Assistant U.S. Attorney Earl Silbert and told him these facts and received an opinion from him that he did not think my client was committing any crime...my Client worked for CRP...he had been asked to pick up the cartons at the Executive Office Building on the Sunday after the Watergate break-in (June 18, 1972) that a pass would be waiting for him at the guard entrance, that no questions would be asked when the cartons were removed from the building and none were.

My attempts to have my client disclose the documents he said were in his possession before the November 1972 elections were to no avail...(he subsequently told me) the materials had been turned over to CRP shortly before the election...I have been urging my client to cooperate with the Grand Jury or Congressional investigation but without avail.

Mr. Earl Silbert denied these statements by Mr. Wolf. Many questions are raised by the above. What happened to the "bugging plan" referred to above. Who did Wolf's client give it to, and who in turn did the individual give it to, or what happened to the plans thereafter? What was the role of CRP in all this? Who arranged for the pickup at the Executive Office Building on June 18, 1972? What do the records there show on this pickup of June 18, 1972? Why did Mr. Earl Silbert suppress evidence on this matter during the trial, if he did? Such suppression could well prejudice the defendants during the trial. Did the cartons contain the address book and list finder E. Howard Hunt referred to in his motion for disclosure of evidence in October, 1972, and in his September 24, and 25, 1973 Senate Watergate testimony. Why did Silbert turn down such vital evidence, if he did?

Either Mr. Wolf or Mr. Silbert is dissembling himself on this matter. Both should give testimony in a hearing on this matter, since it is so vital as it affects the rights of affiant and Mr. Liddy to a fair trial.
9. E. Howard Hunt, in sworn Senate testimony on September 24 and 25, 1973 has stated that he, after the Watergate arrests, visited his White House offices and stored certain Watergate materials there, and on June 19, 1972, advised Miss Joan Hall, Charles Colson's secretary that his safe in the Executive Office Building was "loaded". He went on to say that Miss Hall had the combination to Hunt's safe.

Yet John Dean, Counsel to the President has testified before the Senate Watergate Committee that he had Hunt's safe drilled open on June 19, 1972 (Committee transcript, not available). Why drill it open if Miss Hall had the combination?

Hunt went on to refer to his address book and list finder which he said was stored in his office and which he described in Committee testimony as a "guidebook" for an investigator to unravel the Gemstone matters, including the bugging and photography operations, because, among other things, the names of those involved in these operations were in these books.

What happened to this address book and list finder? They were not disclosed to Hunt as a result of his motion for discovery. This is evidence, possibly exculpatory for both Hunt, and for the two men who stood trial, affiant and Liddy.

10. In regard to harassment of, and tampering with the affiant, a party to a Court proceeding (Title 18, Section 1503); bribery (Title 18, Section 201(d)); and conspiracy to deny affiant's civil rights (Title 18, Section 241 U.S. Code), affiant states:

A. Continual harassment, and tampering with the affiant occurred during the January 1973 trial itself, for the purposes of influencing affiant's actions during trial, and his testimony, and occurred on January 8, 9, 10, 11, 12, 14, 15, 16, 25 and 19 1973, by agents of the White House; first by Anthony Ulasewicz from January 8-11, 1973, and thereafter by various other agents of the White House.
B. Acts of bribery were committed on January 8, 12, 14, and 25, 1973 by Ulasewicz and Caulfield, aided and abetted by affiant's defense counsel, Gerald Alch. (See McCord's Committee testimony Book I, pp 133-141; also Ulasewicz Committee testimony Book I, pp 286-90; Caulfield Committee testimony pp 254, 258-61). Caulfield and Ulasewicz admit promises of executive clemency and payments to McCord while in prison, and do not deny that the request to plead guilty was made to McCord. (same citations)

Title 18 U.S. Code Section 201 (d) states that whoever directly or indirectly corruptly promises anything of value to any person with intent to influence testimony under oath or affirmation, as a witness upon a trial, commits bribery. It is not necessary that the promise be accepted.

The intended purpose of the bribery acts committed was to get affiant to plead guilty and go off to prison, remaining silent regarding White House and other CRP personnel involved in, or knowledgeable of the Watergate operation.

C. Gerald Alch was a party to, and aided and abetted this harassment, tempering, bribery, and conspiracy to deny affiant's civil rights. His actions therein include, but are not limited to the following.

a) During mid-afternoon, January 8, 1973, the first day of the trial, Alch stated to the affiant " whose word would you accept regarding a White House promise of executive clemency? ";

b) the next words came from Alch on this subject later that same afternoon at another location in the District of Columbia, where Alch stated " you will be hearing from the White House tonight "; the next words on this subject came still later that evening when a White House agent, Anthony Ulasewicz's first words were: " Plead guilty. A year is a long time. You will get executive clemency. Your family will be taken care of, and when you get out, you will be rehabilitated and a job found for you. Don't take immunity when called before the grand jury ";

c) thereafter, throughout the trial until January 25, 1973, Alch and those in his employ began urging affiant to abandon his plans to remain silent, or to testify; and d) other statements referred to in the motion accompanying this affidavit, made by John Dean in sworn Senate Watergate testimony (Committee hearings Book 3 pp.974-76,) reflect that Alch
kept the White House informed of affiant's answers and trial plans, via meetings with Paul O'Brien and John Mitchell, of the Committee to Re-Elect the President.

In recent responses to affiant's motions and affidavits, the Special Prosecutor has requested that specific citations be listed, where affiant lists actions of Aich which are improper or illegal. In addition to the citations listed above, the following are relevant and material: "Confidential communications are now held by the Supreme Court to be within the protection of the 4th amendment. Osborn vs. U. S., 385 U.S. 323, 1966. The scope of the right to counsel includes, without limitation, the right to consult with counsel in private, and free from official surveillance...official monitoring of conversations between an accused and his attorney...through a government informer...violates the accused rights to counsel. Black vs. U.S., 385 U.S. 26, 1966. " As the above sworn testimony reflects, Aich, affiant's attorney, was himself that "government informer", breaching the confidentiality of communications between attorney and his client, the affiant McCord.

Affiant saith no further.

AFFIDAVIT OF JAMES W. McCORD, JR.

Comes now the defendant, James W. McCord, Jr., and upon his oath states unto the Court:
AFFIDAVIT

Re Ineffective Counsel

The following specific acts occurred involving Gerald Alch, from my own knowledge, and involving F. Lee Bailey, and Alch, according to sworn testimony of John W. Dean III, before the Senate Watergate Committee on June 25, 1973, which acts individually and collectively effectively denied the defendant McCord his constitutional rights, namely: his amendement right to counsel; his 5th and 14th amendement rights to due process; and his 4th amendement rights against unreasonable search and seizure in connection with actions of defendant McCord's attorney Gerald Alch and F. Lee Bailey.

The specific acts occurring prior to and during trial listed below in defendant McCord's opinion constitute conduct of Alch and Bailey which should be "shocking to the conscience of the Court," because it reflected infidelity as legal representation of defendant McCord; reflected bad faith and a pretense of legal representation, which was perfunctory in nature; was legal conduct which made a mockery and sham of the January 1973 Watergate trial, in that rather than assuring defendant McCord due process of law, did just the opposite -- it denied that due process. It is defendant McCord's understanding that it is the duty of every Court, State or Federal "to ferociously see that the attorney is faithful to his trust," and "fulfill to his client's interest" by "*| the rule of law* below Alch and Bailey while officers of the Court allegedly
and willfully violated that trust.

1. Defendant McCord engaged Gerald Alch, an attorney from Boston, Mass. on July 1, 1972. Alch was then a senior partner in the law firm of F. Lee Bailey, Alch and Gilley. It is defendant McCord's understanding that sometime around 1 January 1973 Alch became an employee in the firm of F. Lee Bailey, rather than a partner.

2. On July 1, 1972 defendant McCord informed Alch that upon information and belief John Mitchell was one of the principals who authorized and directed the Watergate operation.

   Approximately one month later, Alch informed McCord that F. Lee Bailey initiated long distance telephonic contact from Chicago with Mitchell and discussed McCord's case with Mitchell. Alch stated that the Bailey contact with Mitchell was initiated "in McCord's best interests." It now appears to defendant McCord that that contact initiated at that time was not in McCord's interests but rather those of John Mitchell, F. Lee Bailey and Gerald Alch.

3. On or about the first week of October 1972, Gerald Alch at the Colonial Restaurant, 520 M Street, N.W., Washington, D.C., told McCord that he had just come from a meeting in William O. Bittman's office, and Alch told McCord "nobody is to get up on that stand" during the Watergate Trial, referring to any of the 7 defendants; that executive clemency, family support while in prison, and "rehabilitation" after prison was going to be promised the defendants. Alch repeated this statement on 3rd December 1973 in Bittman's office.
was then the attorney for E. Howard Hunt, one of the 7
Defendants.

4. On December 21 in Washington D.C. and on December
26, 1972, in Boston, Mass., Alch tried to get McCord to use
as his legal defense during trial, the false defense that the
Watergate operation was a CIA operation. Set forth as attach-
ment "A" is a copy of a statement provided to the United
States Attorney Earl Silbert on May 4, 1973 and given under
oath on May 22, 1973 to the Senate Watergate Committee, de-
tailing these efforts by Alch.

5. On January 8, 1973 attorney Alch maneuvered defendant
McCord to the office of William O. Bittman stating Bittman
wanted to discuss executive clemency with McCord; and at
Bittman's office, Alch conveyed to McCord a message purportedly
coming from Bittman that McCord would be called by telephone
the evening of January 8, 1973 by a "friend I had known from
the White House" who would discuss executive clemency with
McCord. Set forth as attachment "B" is a statement given
under oath on this subject to the Senate Watergate Committee

6. During the meeting in Boston, Mass. on December 26,
1972, at a luncheon meeting with law firm associates of Alch,
Alch stated to McCord that he (Alch) would be making his office
during the trial in the law office of William O. Bittman,
instead of at the office of Judge Council, Mr. Howard
Shurtleff and Mr. Wilder which was the agenda
to Bittman's secretary pertaining to McCord's case.

7. John W. Dean III, in sworn testimony before the Senate Watergate Committee on June 25, 1973 (Attachment "C") stated that Paul O'Brien, attorney for the Committee to Re-elect the President, told Dean in early 1973 that "McCord is not cooperating with his attorney, Gerald Alsh," that O'Brien subsequently talked with John Mitchell about the matter; that Mitchell requested Dean to arrange to have John Caulfield talk with McCord "and find out what he is going to do"; that on January 10, 1973 both Paul O'Brien and John Mitchell called Dean and requested that Caulfield promise McCord executive clemency, and stated that McCord "was becoming an increasing problem" and that "again I (Dean) was told that McCord's lawyer was having problems with him" and that "Rent, Bittman and his lawyer Alsh had lost rapport with him."; that on January 11, 1973, Dean received a call from Paul O'Brien who asked me if the message (to promise McCord executive clemency) had been delivered to Caulfield; that O'Brien went on to tell Dean he (O'Brien) would be out of town but he "could be reached if there were any problems"; that he (O'Brien) was keeping John Mitchell posted, said that "we need a first-hand reading on McCord from someone he will talk to, because he is not talking openly with his lawyer about what he plans to do," and stated "we need a first-hand reading on McCord because Alsh is not getting it from McCord"; that on January 12, Mitchell called Dean for a report and Dean told Mitchell "I thought I would give you some information that McCord that date, he, Dean, received a call from either John Mitchell or
Paul O'Brien requesting a report on Caulfield's meeting on January 12 with McCord and that Dean called both Mitchell and O'Brien and informed them of the details of the meeting; and that "it was sometime during this period that as a result of my reports of Caulfield's meeting with McCord that O'Brien, Mitchell and Alok discussed having P. Lee Bailey, Alok's partner, meet with McCord" and inform him that he would personally handle his case on appeal and "Mitchell was to talk to Mr. Bailey about this." (Emphasis Added)

Dean further testified that during lunch on March 22, 1973, "there was a continued conversation about general problems. Mr. Mitchell raised the fact that P. Lee Bailey who had been very helpful in dealing with McCord, had a problem he would like to bring up," that Bailey had a client with a large amount of gold . . . and would like to make an arrangement with the government. . . ." (Emphasis Added)

Further, affiant sayeth not.

I have read the foregoing and swear that to the best of knowledge and belief it is true and correct.

I. INTRODUCTION

The writer contends that:

b. That this perjury was relevant to the criminal involvement of Alch and William O. Bittman and of others in the Watergate cover-up conspiracy in 1972 and 1973.

c. That upon information and belief William O. Bittman also has committed perjury on the subject of the executive clemency chain of communications to McCord via Alch on January 8, 1973.

d. That the Prosecutors Earl Silbert and the later prosecutors James Neal and Richard Ben Veliste engaged in prosecutorial misconduct and sought to cover up the role of William O. Bittman, Alch, F. Lee Bailey and Bernard Shankman in the Watergate cover-up conspiracy.

e. That the same prosecutors wrongfully, tortiously and deliberately concealed evidence favorable to defendants Gordon Liddy and James W. McCord, Jr. from the Court of Appeals, and that had such concealment not occurred the outcome of Liddy's appeal would have been different.

f. That the Special Prosecutors wrongfully concealed from the Circuit Court of Appeals sworn testimony of McCord and Henry Rothblatt of pressure on the Miami defendants to plead guilty at the Watergate trial of January 1973.

g. That the above allegations by McCord are verifiable by a Grand Jury.

Among the multiple perjurious statements made by Gerald Alch before the Senate Watergate Committee on May 23-24, 1973, were the following regarding the promise of Executive clemency to McCord, and Alch’s role in the conveyance of that promise:

ALCH: "Mr. McCord has alleged that I told him that the purpose of going to Mr. Bittman's office (on January 8, 1973) was that Mr. Bittman wanted to talk to him, Mr. McCord, about 'whom he would trust regarding a White House offer of Executive clemency' and that Mr. Bittman wanted to talk to Mr. Barker as well. This is not true." (SSC Book 1, page 302)

and,

ALCH: "Mr. McCord has alleged that the subject of Executive clemency was discussed on this day, January 8, 1973. This is not true." (SSC Book 1, page 303)

Mr. Alch committed perjury in the above underlined statements.

Gerald Alch's initiation of discussions of "Executive clemency" with McCord.

1. Early October, 1972

On approximately October 4, 1972 at the Colonial Restaurant, 1820 M Street, N.W., Washington, D.C. at a luncheon meeting with Alch he told me that he had just come from a meeting with William O. Bittman, in Bittman's office. Alch went on to say that in connection with the forthcoming Watergate trial,

"Nobody gets up on that stand during trial. In return they will get Executive clemency, money while in prison and rehabilitation afterwards."

Alch repeated the above statement with emphasis on the word "nobody" for my benefit, "gets up on that stand." It was more an order than a statement.

The substance of the above conversation about Executive clemency has been furnished to the lower court and to the Court of Appeals in a Judicial Affidavit.

2. December 26, 1972

While at the F. Lee Bailey office in Boston, Massachusetts, this date, Gerald Alch asked me the following question,

"Don't you believe them when they say you will get Executive Clemency?"

"They" had reference to the White House. I had been discussing with him the role of the White House in the Watergate affair, along with the role of his role in that.
3. **January 7, 1973**

In a conversation at the restaurant at the Sheraton-Carlton Hotel in Washington, D.C., at approximately 8:30 p.m. this date, at a table with Bernard Barker, Alch, Shankman, and Henry Rothblatt, Barker's attorney, Barker stated that E. Howard Hunt had received "assurance" from the White House that he would receive Executive Clemency. Barker stated that Hunt had "the clout" to see that the White House carried through on its promise of Executive Clemency to Hunt, but that he, Barker, needed more specific assurance than some vague word through Hunt that he, Barker, would also receive Executive Clemency. Rothblatt made the comment "Bittman has only confused things with his maneuvering. Better if he gets out of it."

4. **First day of the trial, 1973**

Within hours after Bernard Barker made the above statement that he would need a "specific assurance" about Executive Clemency, my own lawyer, Gerald Alch broached the subject in the courtroom of Judge Sirica, telling me that William O. Bittman wanted to talk with me after court that day about,

"whose word I would trust regarding a White House offer of Executive Clemency."

Alch added that Bittman also wanted to talk with Barker that afternoon about the same subject, Executive Clemency. It turned out that Barker rode in the same cab to Bittman's office that afternoon and went up to Bittman's office ahead of Alch, Shankman and me.

On arrival at Bittman's office, Alch disappeared with Bittman, finally coming back telling me that,

"You are to get word tonight from Jack" (about Executive Clemency).

About midnight I received a telephone call from an individual identifying himself as a friend of "Jack's" who told me Jack had requested him to pass a message to me to plead guilty, receive Executive Clemency, that my family would be taken care of while I was in prison, that I would be "rehabilitated" after I left prison and a job found, and telling me not to take immunity when called before a grand jury.
III. Relevance and Materiality of Alch's perjury to the culpability of William O. Bittman and Gerald Alch as members of the Watergate coverup conspiracy.

Alch's perjury on May 23, 1973, in connection with whether or not he discussed Executive clemency with McCord relates directly to the issue of whether or not he was part of the Watergate coverup conspiracy.

One of the changes in the March 1, 1974 indictment is that John Mitchell requested, illegally, that a message be conveyed to McCord of a promise of Executive clemency, and that John Mitchell contacted John Dean to see if such a message was conveyed by John Caulfield. The date of this illegal act was early January 1973.

McCord contends that both Alch and Bittman were part of the chain of the conspiracy to see if that message was received from Mitchell, Dean and Caulfield, during early January 1973.

McCord contends that both Alch and Bittman have committed perjury, Alch before the Senate Watergate Committee on May 23, 1973, and later before a federal grand jury; and Bittman before a federal grand jury, in connection with whether Executive clemency was discussed by Alch with McCord on or about January 8, 1973, and between Alch and Bittman at that same time.

McCord contends that the chain of conveyance of this illegal message on or about January 8, 1973 was from John Mitchell to John Dean to Paul O'Brien to William O. Bittman to Gerald Alch to James McCord, Jr., with Alch telling McCord he was to receive a message of Executive clemency by telephone call from a person he had known by the name of "Jack"-- and that McCord the same evening received a message of Executive clemency from John (Jack) Caulfield via Anthony Ulasewicz, a friend of Caulfield's. Further that Alch illegally "steered" McCord to the office of William O. Bittman on or about January 8, 1973, to get the word that he would be called that evening by Caulfield, after Alch had earlier told McCord that Bittman wanted him to come to Bittman's office that day to discuss Executive clemency.

It is undisputed that McCord was taken by Alch to Bittman's office on or about January 8, 1973 and while there Alch gave a message to McCord that he would be contacted that evening by a friend. (McCord had only been to Bittman's office once before in the six months period after the arrests and that was also on an occasion when Alch had steered McCord there for an unusual meeting, in early October 1972, one week after Alch had been the original person raising the subject of Executive clemency to McCord).

The sworn testimony which tends to support McCord's version, versus that of Alch and Bittman, and to reflect that Alch and Bittman have committed perjury on this subject, is as follows:

1. JOHN DEAN

Before the Senate Watergate Committee in 1973 (SCC Book 3, pages 970-975) Dean testified to a series of discussions regarding the subject of Executive clemency for Hunt, which had been initiated by calls from William O. Bittman to Paul O'Brien of OBP. Thereafter, according to Dean, Bittman called Alch and discussed the matter with him.
"about Hunt's potential for Executive clemency." This meeting allegedly occurred on or about January 3, 1973, which was in the week preceding the date McCord alleges Gerald Alch told McCord that Bittman wanted to speak with him about Executive clemency, and the same time McCord alleges Alch told him Bittman also wanted to talk to Bernard Barker about Executive clemency.

John Dean testified,

"...between January 3 and 5 (1973)...he [Paul O'Brien] told me that McCord was not cooperating with his lawyer---Mr. Alch. ...O'Brien subsequently talked with Mitchell about the matter, because Mitchell called me and informed me that he had discussed the matter with O'Brien, and Mitchell asked me to request that Jack Caulfield talk with McCord to find out what he was going to do." (SSC Book 3, pp. 970-975)

and,

"It was on January 10, that I received calls from both O'Brien and Mitchell indicating that since Hunt had been given assurance of clemency...that Caulfield should give the same assurances to McCord, who was becoming an increasing problem, and again I was told that McCord's lawyer was having problems with him."

"Both O'Brien and Mitchell felt that McCord might be responsive to an assurance from Caulfield because Hunt, Bittman, and his lawyer Alch, had lost rapport with him."

Dean testified that he called Caulfield in California who asked Dean to let Anthony Ulasowicz "give him (McCord) the clemency message similar to the message that Colson had transmitted to Hunt via Bittman." (Book 3, pp. 970-75, SSC). Dean agreed to that arrangement.

Subsequently, Dean testified that he received a call from Paul O'Brien who asked Dean if Caulfield had delivered a message of Executive clemency to McCord, and Dean replied that it had been. O'Brien then went on to make a most unusual statement,

"O'Brien told me that McCord wanted to speak with Caulfield personally and asked me when Caulfield could meet with McCord. I told him I would arrange it...he told me he was keeping Mitchell posted and requested that I keep him posted. O'Brien said that we need a firsthand report. A firsthand report on McCord from someone he will talk with, because he is not talking openly with his lawyer about what he plans to do..."

What is most unusual about the above is that O'Brien told Dean that McCord wanted to speak with Caulfield--yet McCord was not in contact with O'Brien and had never met the man! Presumably Gerald Alch, McCord's attorney, was keeping William O. Bittman and Paul O'Brien informed of McCord's contacts with Caulfield, and thereby keeping the White House informed of every move of his client McCord.
McCord has testified before the Senate Watergate Committee that Anthony Ulasewicz transmitted the following message for Caulfield to McCord regarding Executive Clemency:

"Plead guilty. One year is a long time. You will get Executive Clemency. Your family will be taken care of and when you get out you will be rehabilitated and a job will be found for you. Don't take immunity when called before the grand jury." (SSC Book 1, page 132)

Dean has testified that in accordance with John Mitchell and Paul O'Brien's telephonic requests he requested Caulfield to meet personally with McCord to convey messages of Executive Clemency. (SSC Book 3, pp. 970-975)

John Mitchell and Alch's partner, F. Lee Bailey

John Dean also testified that on March 22, 1973, at a luncheon with Mitchell,

"Mr. (John) Mitchell raised the fact that F. Lee Bailey, who had been 'very helpful' in dealing with McCord, had a problem he would like to bring up."

"He then said that Mr. Bailey had a client who had an enormous amount of gold in his possession and would like to make an arrangement with the government whereby the gold could be turned over to the government without the individual being prosecuted." (SSC Book 3, page 1001)

F. Lee Bailey, with whom and for whom Alch, McCord's lawyer works is also mentioned in three presidential tapes wherein President Nixon is discussing with Richard Kleindienst, and John Dean the fact that Bailey was "very close" to John Mitchell and that Mitchell in April 1973 might use Bailey as a defense attorney, if indicted, however that the President was aware that there was "a slight problem" in that Bailey was an attorney for one of the other defendants, McCord. Mitchell did not thereafter formally engage Bailey as a defense attorney. The three presidential tapes are those of 14 and 15 April 1973 and March 21, 1973.

John Dean also testified further about F. Lee Bailey before the Senate Watergate Committee as follows:

"It was sometime during this period that as a result of my reports of Caulfield meetings with McCord, that Paul O'Brien, John Mitchell and Mr. Alch discussed having F. Lee Bailey, Alch's partner, meet with McCord and inform him that he would personally handle his case on appeal. Mitchell was to talk with Mr. Bailey about this." (SSC Book 3, page 976)

The period that Dean is testifying about above is approximately one week after Alch took McCord to Bitinas's office to get a message that he would be contacted by a White House agent about Executive Clemency. "McCord in fact was told by Alch that during this period that he, Alch, and Dean, both held a meeting with Caulfield, heading to talk to McCord about Mr. Bailey's case on appeal." (SSC Book 3, page 976)
2. PAUL O'BRIEN, CRP ATTORNEY IN 1972-73

O'Brien testified on July 3, 1974 before the House Judiciary Committee as follows regarding the January 8, 1973 period:

Ms. Holtzman: "Isn't it a fact also, Mr. O'Brien, that shortly after January 8, in response to a request by Mr. Dean, you advised Mr. McCord's attorney, or transmitted information to Mr. McCord's attorney that he would be, he, Mr. McCord would be contacted by a friend?"

Mr. O'Brien: "That is correct. Just so the record will be correct, it was Mr. Rittman because Mr. Alech was not available."

3. JOHN CAULFIELD

Caulfield testified before the Senate Watergate Committee that John Dean in discussing Caulfield's future visits with McCord should stress the grave concern the situation was to the White House and Caulfield stated,

"(Mr. Dean said) that many people in the White House were quite concerned over it. Mr. Dean said that none of the other then-defendants in the Watergate burglary "were any problem" and that Mr. McCord was not cooperating with his attorney." (SSC Book I, page 297)

Caulfield also testified as follows:

Senator Ervin: "Did you infer from your conversation with Dean that under Dean's statements, McCord was expected to plead guilty, keep silent, receive a short sentence, and receive executive clemency?"

Caulfield: "If he accepted the offer, that would be the way I would interpret it, yes sir." (SSC Book I, page 203)

Caulfield further testified,

Senator Baker: "...you were motivated...by what assurance you had received from Dean that if Mr. McCord did not go along with the other defendants and cooperate with his lawyer that there might be a scandal against the President?"

Caulfield: "That is exactly right Senator." (SSC Book I, p. 282)
THE RECORD OF MCCORD'S FRUITLESS EFFORTS TO GET THE SPECIAL PROSECUTORS TO INVESTIGATE THE EVIDENCE OF PERJURY BY ALCH AND BITTMAN AND ALCH'S ROLES IN THE COVER UP.

1. On May 4, 1973 McCord transmitted a memorandum to the Senate Watergate Committee with a copy to Prosecutor Earl Silbert alleging that Mrs. E. Howard Hunt had told McCord on November 30, 1972 that E. Howard Hunt a few days before had dictated a memorandum which was taken by William O. Bittman to Kenneth Parkinson's office, and in which Hunt threatened to blow the White House out of the water.

The memorandum also contained allegations by McCord against his former attorney Gerald Alch, in that Alch told McCord on December 21, 1972 that he had just come from a meeting with William O. Bittman and Alch proceeded to try to get McCord to use a false defense, that allegedly the CIA was behind the Watergate operation. Alch tried this pitch again on December 26, 1972, for which I thereafter fired Alch on January 1, 1973.

Judge John Sirica on receiving a copy of the May 4, 1973 memorandum called Prosecutor Earl Silbert to his office and requested that Silbert call McCord before a federal grand jury on the above allegations within 48 hours. At no time did Silbert thereafter so do, neither having the Special Prosecutors do so in the 18 months since that time.

2. In the summer of 1973 Prosecutor James Neal of the Special Prosecutor Office told McCord during an interview that the above May 4, 1973 memorandum which McCord had read into the Senate Watergate Committee record on May 22, 1973, (SSC Book I, page 193-96)

"does not appear in the Senate Watergate Committee transcript."

The above appeared to be a highly unusual statement by Neal to McCord and McCord insisted that the May 4, 1973 did appear in the transcript and insisted on giving a copy of the memorandum to Neal.

Whether Neal ever entered the May 4, 1973 into the grand jury record, or whether he, like Silbert before him, concealed the memorandum is not known. It is a fact that neither Neal nor any other prosecutor thereafter ever called McCord before the grand jury for any purpose, and never to enter the May 4, 1973 memorandum into the record.

3. An October 9, 1973 memorandum of McCord's to the Massachusetts Bar Association alleging perjury by Alch and that Alch aided and abetted the tampering with a party to a Court proceeding, McCord, prior to and during the January 1973 trial; that Alch aided and abetted the tampering with a thing of value (Executive Clemency) which constituted the Federal offense of bribery; and that Gerald Alch and F. Lee Bailey were parties to a federal conspiracy. In that October 9, 1973 memorandum, a copy of which was personally given by McCord to a member of the Special Prosecutors office on or about that same date, McCord stated he was available for interview on these allegations at any time by federal officials. At no time did the Special Prosecutors Office question McCord before a grand jury or outside of a grand jury about these allegations. To the contrary, the
Special Prosecutors office has appeared to desire not to question McCord about Alch, Bailey and Dittman's role and the allegations McCord made in the October 9, 1973 memorandum referred to above. A copy of that memorandum is attached herewith.

4. In August 1974 McCord gave prosecutor Richard Ben Veniste a copy of McCord's book which contains 35 pages in which William O. Dittman's activities during the Watergate cover up are enumerated. Many of them in connection with Gerald Alch, McCord's attorney, and McCord spoke in unequivocal words to Ben Veniste about the role played in the promise of Executive clemency by Alch in early January 1973. Ben Veniste appeared to have no interest in such matters and tried to avoid them.

5. On August 14, 1974 McCord had filed a Federal Tort Claim with the White House and Department of Justice alleging that Alch and F. Lee Bailey and others in the Watergate conspiracy.

6. On October 18, 1974, McCord had transmitted to Mr. Richard Ben Veniste once again a statement reflecting that both Alch and Bailey were part of the Watergate cover up conspiracy and that Alch committed perjury; and reflecting that Alch's role in the transmission of Executive clemency in early January 1973 was integral to any testimony I would give on that subject in court and could not be "carved out" and excluded as Ben Veniste indicated he desired McCord to do. McCord pointed out to Ben Veniste that he was bringing a legal malpractice suit against both Alch and Bailey and planned to charge these offenses of perjury by Alch and criminal conspiracy by Alch and Bailey in connection with the promise of Executive clemency and other matters.

It should be pointed out that at no time has Ben Veniste or any other member of his staff questioned McCord about McCord's allegations referred to above about perjury by Alch. There has been a complete silence by them on this charge. Neither have they ever questioned McCord on what he meant by the charges of criminal conspiracy by Alch and Bailey. There appeared to be a desire not to know what McCord meant by these charges. McCord believes that there was therein a desire to cover up for Alch, Bailey and Dittman by the prosecutors. Never at any time has McCord been called before a Grand Jury by the Special Prosecutors office on those charges or any other matter.

To the contrary to any objective seeking of investigative leads or facts about McCord's charges against Alch, the Special Prosecutors have defended Alch before the U.S. Court of Appeals in its written briefs and oral arguments. McCord believes this occurred as a further protective measure for William O. Dittman who would have been implicated in a criminal conspiracy had efforts been made to corroborate McCord's charges as they can be corroborated.
WHO CAN VERIFY THE ABOVE ALLEGATIONS BY MCCORD.

The following can verify the above allegations as they pertain to Bittman and Alch:

1. William O. Bittman, himself, if he does not further perjure himself before a grand jury and the Court.

2. Bernard Shankman - former local counsel for McCord, who has therefore committed perjury in similar matters pertaining to Gerald Alch.

3. The law firm of Hogan and Hartson - can search its records for memoranda dictated by Gerald Alch to its secretarial personnel, especially William O. Bittman's former secretary in the latter part of 1972 and in January and February 1973. McCord has previously waived the attorney-client privilege between Alch, Bailey and McCord, so this is not an area for such a search, and to interviews of its members under oath, especially Austin Mittler, one of their attorneys. The code of professional conduct reflects that an attorney is obligated to disclose evidence of a fraud perpetrated upon a tribunal. Alch, even though his local counsel had an office two blocks away, made his office during the trial in the firm of Hogan and Hartson during the January 1973 trial. McCord believes that the purpose of this was to keep Bittman CRP and the White House informed of McCord's trial plans and intentions regarding disclosure of his knowledge about the Watergate conspiracy.

Alch is known to have dictated a memorandum in the offices of Hogan and Hartson on or about January 22, 1973 regarding McCord and his trial plans.

Bernard Shankman told McCord on the morning before the testimony of Jeb Magruder and Herbert Porter in January 1972 that "calls were made last night to have Magruder put in a good word for you on the stand today." Whether such calls were made from the firm of Hogan and Hartson is not known.

4. Jeb Magruder can verify whether he was contacted prior to his testimony in January 1973 and by whom, to "put in a good word for McCord" on the witness stand during the trial, and who may have communicated this word to Bernard Shankman.

5. Pat (last name unknown) former secretary to William O. Bittman can testify regarding the relationship existing between Alch and Bittman, and between Shankman and Bittman, and regarding memoranda dictated by Alch to her on McCord's case. McCord has waived the attorney-client privilege regarding Alch, Bailey and Shankman.

7. The managerial and accounting personnel of Hogan and Hartson and William O. Bitman can testify regarding whether any of the $156,000 paid to Bitman by CRP went to Alch, Bailey or Shankman.

8. John Dean has previously testified that William O. Bitman "planned a CIA defense" in 1972–73 for the first Watergate trial in January 1973. (SSC Book 3, p. 973–74). Alch on December 21, 1972 pitched McCord to use such a false CIA defense at the January 1973 trial, stating that such a defense had been discussed that day in Bitman's office. Dean and Bitman can be reinterviewed under oath on this, as can Shankman who has committed perjury before the Senate Watergate Committee regarding Alch's discussion with McCord on December 21, 1972 at the Monocle Restaurant trying to convince McCord to use such a defense.

Dean further testified that,

"...between January 3 and 6 (1973) he [Paul O'Brien] told me that McCord was not cooperating with his lawyer - Mr. Alch. O'Brien also told me that Bitman had planned a CIA defense to the case, but McCord refused." (SSC Book 3, p. 973–74)

Dean also testified that, on January 10, 1973, "Mitchell felt that McCord might be responsive to an assurance (a promise of Executive clemency) from Caulfield, because... Bitman... had lost rapport with him (McCord)." (SSC Book 3, page 973)

[Dean contacted Caulfield and he agreed to contact McCord and pass such a message via Anthony Ulasewicz.]

Thus, Paul O'Brien can testify regarding the false CIA defense planned by Bitman and Alch, as well as John Dean.

John Dean can testify regarding the unusual phrase above.

"Bitman... had lost rapport with him (McCord)"

Bitman was Hunt's attorney. That rapport he was supposed to have had with McCord is unknown. Presumably it was for purposes of the White House and CRP since he was in no way representing McCord and McCord had only seen him a couple of times outside of the courtroom in a period of six months, both of those at Alch's instigation.

Set forth hereafter is a listing of instructions and requests in connection with the investigation of captioned case. This is submitted in response to the memorandum of May 30, 1973, from Mr. Archibald Cox, Special Prosecutor, to the Acting Director, FBI. It is noted that the memorandum sets forth four categories of instructions and requests. The instructions and requests responsive to these four categories for the period of June 17, 1972, through May 30, 1973, are set forth hereafter in chronological order since that format appears to give proper continuity to the direction of this investigation. These instructions have been extracted from teletypes, airtels and memoranda. In addition, a copy of the handwritten log maintained by the Extra-Duty Supervisors over the weekend of June 17-18, 1972, is attached since that log contains many initial instructions.

OFFICE OF JUDGE SIRICA

Dear Judge Sirica,

Upon reading in a recent issue of "Time" magazine of your determination to reveal the "TRUTH" in the current trial, I think you should know some information that I have been aware of for some time now. Following televised hearings of the Senate Select Committee on Presidential Campaign Activities, former White House Chief of Staff, Tony Robbins Haldeman, called me...
I never mentioned to anyone his involvement in the plot to obtain psychiatric records from Daniel Ellsberg's psychiatrist in California. In a telephone conversation in 1971 with Mr. Haldeman, he said that he was looking for someone to pose as a patient in order to find out how Dr. Fielding kept his patients records in his office. He asked me if I'd be interested in flying to California for a vacation and checking for the purpose of seeing Dr. Fielding. Then, he cancelled out this idea for fear Dr. Fielding might somehow become suspicious (and Mr. Haldeman never brought it up again).

Last year, I volunteered as a witness to Senator Ervin Committee but I was never called to testify and I have not told anyone about Haldeman.
Dwight L. I know that I have not written to you of this testimony that I would be very willing to take a polygraph test or anything else you might desire to back up my word.

I also learned last year from Mr. Malden that he has same charges as something filed against one at the Justice Department but last fall, he had someone else change the record to read 'idiscarded' in 1971. He did this because he was disappointed when I refused to come to Washington, D.C. and see him in trial years ago and perhaps to discredit my friend if I ever said anything about him.

I have not written to you or anybody else at an earlier time as I am totally confined to my apartment in Post Office taking care of my...
57 year old grandmother, Elizabeth林, who is an invalid. I have full responsibility for the apartment house and for my grandmother's welfare. She was hospitalized recently and someone had to be with her all the time.

She has an unpublished telephone number 516-944-9457. We are here seven days a week.

I must also state to you that I first came to talk to Mr. Baldman via a letter that I mailed to President Truman in 771. A number of people called from the Chief of Staff followed me after I called from this office in the morning recently. Before 771, there was a departure from the White House, the gate to my grandmother's house number where she could be reached at her home in Los Angeles but my grandmother was leaking in failing health and she pleaded.

I remember it to repeat it to
this whole relationship with Mr. Haldeman, she convinced us that my grandfathers family and my grandmothers family had known each other years ago in Europe. Due to the events recently in Washington, I don't know today if this story is really fact or fiction.

I do feel very strongly that you have done a really marvellous job for our country. Judge Sirica and I hope that you really find out the truth in the first days of this case. My apologies for not having a typewriter for this letter. Best wishes to you and your family for a happy Thanksgiving.

Cardially yours,
Miss Betty W. Wilk

On December 18, 1974, the Albany Office of the Federal Bureau of Investigation (FBI) received a telephone call from a female who refused to identify herself. The caller stated that her husband and E. HOWARD HUNT were extremely good friends, and that HUNT had stayed with her and her husband at their cabin at Lake George, New York. The caller advised that approximately one week ago, she overheard a conversation between her husband and an attorney concerning "getting E. HOWARD HUNT out of the country before sentencing". The caller stated that she did not wish to furnish her identity because she believed it would break up her marriage.

A United Press International dispatch of 11/27/74 (attached), quotes John N. Mitchell, testifying in his behalf at the current Watergate Break-in Cover-up Trial, as alleging that two FBI Agents came to his office "almost scared to death", asked him a couple questions, and left. This response by Mitchell was in connection with cross-examination by the Special Prosecutor to show that Mitchell had withheld information from the investigating Agents. Mr. Callahan asked if Mitchell's statement is right or wrong.

In the course of this investigation, Mr. Mitchell was contacted on several occasions; however, the interview of 7/5/72, conducted at Mitchell's Office, 1701 Pennsylvania Avenue, N. W., Washington, D. C., by Special Agents Daniel C. Mahan and Robert E. Lill, appears to be the interview in question. This interview, conducted 18 days after the burglary of the Democratic National Committee Headquarters, was in furtherance of our efforts at that time to identify McCord's associates and determine whether others at the Committee to Re-elect the President (CRP) were involved in the conspiracy to commit the burglary. The revelation of the conspiracy to cover up the burglary did not come until late March, 1973. The Agents conducting this interview had no reason at that time to suspect Mitchell of any culpable involvement and quite properly conducted the interview in an inquisitory rather than accusatory vein.

The interview of 7/5/72, solicited from Mr. Mitchell information concerning his association with the CRP, the circumstances of his learning of the break-in, when he first met McCord, his comments about other members of the CRP group, as well as efforts Mitchell was taking to plug a leak of informa-
Memorandum to Mr. Adams
Re: JAMES WALTER MC CORD

tion from CRP. In response to direct question, Mr. Mitchell said he had no knowledge of the break-in other than what he has read in newspaper accounts of the incident. Reviewed in the context of the time frame in which this interview was conducted, it would appear that Mitchell's comments are totally without foundation. When viewed further in the light of the stiff cross-examination of Mitchell as to why he had not disclosed what he then knew to the two Agents, his attempt to show that the lack of disclosure was through inadequacy of other people is apparent. This blatant, transparent attempt by Mitchell to smear the Agents is further testimony to the depth to which he would go to conceal his culpability.

Mr. Mitchell was never interviewed by Bureau Agents concerning the cover-up as this was handled by the Special Prosecutor before the Federal grand jury.

with the known fingerprints of ROBERT CHARLES MARDIAN, FBI Number 7692200. Mrs. DENNY advised that the results of the requested examination are needed for rebuttal questioning of MARDIAN who is currently testifying in the Watergate cover up trial.

It is anticipated that the rebuttal testimony will be taken commencing Monday, 12/16/74.

Subsequently, on this date, JOHN WESLEY DEAN, III, accompanied by U.S. Marshals, reviewed the enclosed documents at WFO. After viewing the enclosures, DEAN identified the following pages, which have been marked by paperclips, as most likely having been handled by ROBERT C. MARDIAN:

A subpoena was handed to EDWARD M. NIGRO in the Bistro Restaurant at the Newporter Inn, Newport Beach, California, on September 16, 1974. The subpoena was addressed to "Mr. EDWARD M. NIGRO, General Manager, Del Webb's Newporter Inn, 1107 Jamboree Road, Newport Beach, California," in the case entitled "United States of America v. JOHN N. MITCHELL, et al, Case Number 74-110." It commanded Mr. NIGRO to appear in the United States District Court, District of Columbia, Courtroom 20, Third and Constitution Avenue, Northwest, Washington, D.C., on September 30, 1974, at 10:00 AM, and to bring with him all records pertaining to JOHN D. EHRlichman, H. R. Haldeman, and JOHN W. Dean III for the period July 8 through July 18, 1972.

Mr. NIGRO advised that all records for EHRlichman and Haldeman have previously been furnished and that he has caused hotel records to be searched for Dean and has discovered there are no records for Dean for this period. He stated that he would confer with the corporation's legal counsel in Phoenix, Arizona, concerning how this subpoena could be satisfied and that he would furnish the response to SA John M. O'NEILL, JR. during the latter part of the week of September 16, 1974 through September 20, 1974.
RICHARD M. NIXON was handed a subpoena at 5:50 PM (Pacific Daylight Time) on September 19, 1974, by WILLIAM C. CARROLL, Special Agent of the FBI. This subpoena was issued by the United States District Court for the District of Columbia, and was entitled "United States of America v. JOHN R. MITCHELL, ET AL," Court Docket Number 74-110. It was addressed to RICHARD M. NIXON, San Clemente, California, and commanded him to appear in the United States District Court, District of Columbia, Courthouse 20, Third and Constitution Avenue, N.W., City of Washington, D.C. on October 1, 1974, at 10:00 AM. This subpoena was issued on application of the United States by JAMES F. NEAL, Attorney for the United States, 1425 "K" Street, N.W., Washington, D.C. 20005. It was issued on September 18, 1974.

Also present during the service of this subpoena were JOHNIE L. JOYCE, JR., Special Agent of the FBI, Deputy United States Marshal JOHN WHITMORE, and RONALD ZIEGLER, former Press Secretary to the President and present member of the San Clemente staff of RICHARD M. NIXON.
Special Agents WILLIAM C. CARROLL and JOHNNIE L. JOYCE, JR., in the company of Deputy United States Marshal JOHN WHITMORE, were driven on a golf cart from the United States Secret Service Compound, which is located on the property of the United States Coast Guard adjacent to the residence of RICHARD M. NIXON, by RONALD ZIEGLER, former Press Secretary to the President and present staff member of RICHARD M. NIXON at San Clemente, California. ZIEGLER drove to the driveway of the residence of RICHARD M. NIXON and indicated to the Agents and Deputy WHITMORE that they should wait in the driveway. He then entered what appeared to be the side entrance of the residence, which is a distance of approximately 20 feet from where the golf cart was parked.

Shortly thereafter, RICHARD M. NIXON and ZIEGLER exited the front door of the residence and walked briskly towards the waiting Agents and Deputy United States Marshal. Mr. NIXON was smiling as he approached and stated, "Good evening, gentlemen. They're keeping you busy these days." It is noted Mr. NIXON had walked approximately 25 feet from the front entrance prior to stopping and shaking hands with Special Agent CARROLL. At this time, which was 5:50 PM (Pacific Daylight Time), he was handed a subpoena by Special Agent CARROLL commanding him to appear in the United States District Court, District of Columbia, on October 1, 1974, at 10:00 AM, in the case of "United States of America v. JOHN N. MITCHELL, et al."

Mr. NIXON accepted the subpoena with his right hand and immediately reached across his body and handed it to RONALD ZIEGLER, who was standing to his left and slightly behind. He then was handed two subpoenas by Deputy United States Marshal WHITMORE which he also handed to ZIEGLER in the same manner.

At this point, Mr. NIXON again shook hands with Special Agent CARROLL, stepped back, indicating he was leaving, and stated something to the effect, "Did you have a good drive down?" As he turned to return to his residence, he thanked the Agents and the Deputy United States Marshal, waved his right hand and returned to the residence through the same door from which he had exited.

It is noted that during the conversation and presentation of subpoenas, Mr. NIXON was not observed to move his left arm in any manner and kept it tight by his side. It also was noted that his face was red, possibly sunburned or windburned.
LESTER POLLACK, Legal Counsel, Regency Hotel, Park Avenue and 61st Street, New York (NY), NY, was contacted concerning the service of a subpoena directed to either JACQUES B. CAMUS, Managing Director, or ANTHONY FRANZONE, Auditor, accounting department, Regency Hotel, which demanded production of the original copy of the departure/check-in card at the Regency Hotel for HERBERT W. KALMBACH on July 19-20, 1972 in United States District Court, Washington, D.C. on October 21, 1974. This subpoena was dated October 10, 1974 and was issued in conjunction with the case of the United States of America v. JOHN N. MITCHELL, ET AL, criminal no. 74-110. POLLACK was advised of the instructions set forth in this subpoena.

POLLACK advised that the original copy of the departure/check-in card of the Regency Hotel for HERBERT W. KALMBACH on July 19-20, 1972 is not presently in the possession of any executive of the Regency Hotel. He advised that this document was furnished to the United States Senate Select Committee on Presidential Campaign Activities on July 10, 1973 in compliance with a congressional subpoena. He advised that this document was mailed to this congressional committee for the attention of CARMINE BELLINO.

POLLACK advised that the legal department of the Regency Hotel is only in possession of photo-copies of the above-described departure/check-in card inasmuch as the congressional committee has not returned the original document to the Regency Hotel.
A subpoena was handed to GEORGE C. SWANSON at approximately 2:45 PM, at his office, Suite 200, 742 South Hill Street, Los Angeles, California. Mr. SWANSON is Senior Security Agent for Pacific Telephone Company at this address.

The subpoena, from the United States District Court, District of Columbia, Docket Number 74-110, in the matter of the United States of American vs. JOHN N. MITCHELL; ET AL, commanded SWANSON to appear in the District Court on December 18, 1974, at 9:30 o'clock A.M., and to bring with him "all records regarding installation and toll calls charged to telephone in suite of JOHN N. MITCHELL at the Beverly Hills Hotel for the period June 16 through 19, 1972."

Dear Mr. Kelly:

As a citizen and fellow Missourian, I think I have a right to ask you directly: What is the J.B.D. and the Justice Department doing about an investigation of the obvious counter-case of Watergate? The case has been tried and defended as a crime committed for and by the Nixon administration. It has never, to my knowledge, been stated or investigated as a crime deliberately planted on the Nixon administration by enemies of the administration.

The counter-case is by no means unrealistic. The facts are these: Gordon Liddy planned the acts and persisted until he got — or could claim to have got — the approval of John Mitchell, the friend...
closest to the President in the Administration. The crime failed spectacularly and was easily—too easily— for expectation, considering it was planned and executed by professional undercover men—tracked back to the President's Committee to Reelect. Gordon Liddy had been placed at the Committee by John Dean, the President's own counsel.

From these basic facts the two alternatives—case and counter-case—unwind. The chain of principals goes from the President to Dean to Liddy and from there, with a side implication of Mitchell and the Committee, to Mr. Cord—Hunt and the Ceobuns. In this chain, Dean is the swivel; on his integrity the integrity of the connection between the President and the act of Watergate depends. If he acted for the President, the case is as it has been stated and tried. If he acted against the President, the Administration was ruined from the moment Liddy was placed at the Committee to Reelect, and maybe from the moment Liddy joined the plumbers.
Let's look at two major events immediately following the break-in. 1) Liddy accuses Kleindienst on the golf course with a "message" from Mitchell that the burglars should be released. 2) Haldeman approaches the President with an "idea" attributed to Mitchell (obviously through Dean) that the President should get the C.I.A. to call off the investigation by the F.B.I., which is going "in directions we don't want to go."

These two events mark the beginning of the "Cover-up," the appearance of phase of Watergate - Clemency, blackmail, and pay-off by the President to the burglars; and obstruction of justice by the President to prevent the investigation from uncovering the crimes of his Administration.

Kleindienst testified that he did not believe that Mitchell had sent him the message to release the burglars. Why, then, had Liddy lied?

The burglars were in jail. They have all testified that they were given to understand that their mission had come from "the very highest levels" — presumably the President himself, or Haldeman, Ehrlichman or Mitchell.
they had every reason to expect immediate rescue for all that came highest level. If the expected rescue failed to come, they might well have begun to suspect that they had been deceived, that their mission never had come from the highest level. Watergate had not been in the service of the President. And, since they were men trained in intelligence and counter-intelligence, their next thought might well have been that they had been deceived into taking part in an act designed against the President, with their arrest and imprisonment a pre-planned necessity to that frame-up. If they reached that suspicion, they would be sure to talk, and if that suspicion was the literal truth, their talking would have wrecked the carefully planned frame-up of a President of the United States. Therefore Liddy appeared on the golf course to try to extract, by ruse, the rescue from "the highest levels" that would keep the prisoners from suspecting the truth of Watergate that they had been used in a plot against the President—and to keep them from talking about that.
When the prosecutor refused to face for the reasons, it became necessary to extract from "the highest levels" the most convincing token of responsibility and concern for the prisoners' plight coming from highest levels — the payment of money. And so this pernicious administration was kept fromad into paying money the real purpose of which was to keep the burglars from revealing that the Administration had been financed. Fantastic! Let's go to the second major event, pointing obstruction of justice on the President.

The burglars are arrested and the J.B. I. has gone to Florida to check into the background of the Cubans. Immediately they discover the famous "Mexican checks" deposited in the Borke Bank account. The checks, on their face, point directly back to the President's Committee to Redact as the employer of record in the Watergate affair. On the face, the case appears closed: the Committee has been, fortunately, incredibly careless in paying off its crime by easily traceable checks, or else the Committee is pathetically amateur.
But on the back of the checks is the mark of Gordon Liddy—either by an act of real carelessness, he endorsed his real name or, back at the Finance Committee, the young man left in charge in the absence of Maurice Stone told the F.B.I. about how Mr. Liddy had volunteered to take the difficult checks off his hands. Either way, the mark of Liddy on those checks turned the case upside down. For Liddy was no amateur, he was C.B.I.C. If he had left those incriminating checks lying in the direct path of the investigation, it was at least a seventy per cent chance that he had meant them to be discovered and had meant them to incriminate.

Why would Gordon Liddy, the man who was himself hub to his rock in Hategate, have deliberately fingered the Committee to the F.B.I.? Unless he had meant to frame the Committee from the beginning? Well, how had he happened to be connected with the Committee in the first place? It must have been no time at all that the F.B.I. came across the general knowledge at the Committee that Liddy had been introduced there by John Dean, the President's Counsel. There were now two ways to go:
The President, through his counsel, had placed Liddy at the Committee to effect Watergate, which, in effect, destroyed the Committee and its head, John Mitchell. Which would mean, in effect, that the President had meant to destroy himself since any major scandal at his re-election committee would predictably abort his re-election. Or, the President's counsel had placed Liddy at the Committee to effect Watergate, which, discovered and traced back to the Committee, would predictably abort the President's re-election - in short, the President had been deliberately framed by his own counsel.

It is at this point that Haldeman, three days after the burglary, works into the President's office with the idea of getting the C.I.A. to call off the F.B.I. The F.B.I. was at the point of going "in the directions" of breaking the case of Watergate as a plot against the President by Liddy and Dean and possibly others yet unknown. The successful obstruction of justice was the entrapment of the President, by reee, in the
for the discovery of a conspiracy against an elected President of this Country. The
President's crime was that he forgot to ask, and Haldeman forgot to tell him, whether Haldeman
knew for a fact that Mitchell had suggested such an idea—or had even heard of it—or whether
they were only taking Dean's word for it, on the assumption that the idea came from the former Attorney
General of the United States, a respected friend who (probably again on Dean's word solely) might well
be himself somehow implicated in Watergate; the President consented to the obstruction, not knowing
what had happened at the Committee, but giving blind loyalty to Mitchell ("we're not going to try to second-
guess Mitchell on this") the President fell into the trap that Haldeman had sidestepped by sheer sound
instinct.

Why don't you, Mr. Kelly, on the mere possibility that the Court's case is the truth, go back to where the F.B.I.
must have been when it got so ironically and tragically interrupted and start again, from there?
Once the rivalrous business of the C. I. A. - F. B. I.
has got under way, it is a sure bet that both of
those agencies began to be more suspicious of the
President and whatever in the hell he was up
to than they had, before his intervention, seen of
the Liddy-Dean connection. In a way, the pigeon
drop worked as well to entrap them as it did
to entrap the President. Each agency became suspicious
of each other and of the President, and jealous of
its own independence and sensitive of its reputation.
And all of this tangle of injured feeling and suspicion
conspired to further the double aim that Dean
must have had in mind when he pigeon-dropped
Haldeman into telling the President that Mitchell had
had the idea of getting the C. I. A. to call off the
F. B. I. (an idea in which it
first
"now concur"). The aim was to divert the attention
of the F. B. I. from the direction it was going in —
the direction of focusing on the Liddy-Dean connection
and a conspiracy against the President. The second aim
was he hit the blower, if any, for the obstruction fact on Mitchell and the President, not on Dean.

(Notice how he learned from Liddy's experience with Kleindinst. Liddy got kicked off the golf course. Dean stayed safely at a remove from the oval office. If the President had been as skeptical as Kleindinst— if he had picked up the telephone and asked Mitchell if obstructing the F.B.I. was his idea, Dean could have dealt with Holdeman outside the door with,)

"Oh, well, see, I didn't say that Mitchell had said this to me. I was over at the Committee and the people over there were saying that Mitchell had been talking about it." And Mr. Dean could have acted without a ripple, to try again another way.)

It is easy to see how and why the pigeon dropped worked so well against an unsuspecting President, an honest F.B.I., and an honest C.I.A. But now we have the tape, with the Dean mark clearly on the swindler. It is this clean fingerprint of
John Dean on the obstruction of the investigation of Watergate, that ties together the counter-case. It is Dean and Liddy who have the motive for bribing the Roman, innocence, and the silence of the burglars.

And it is Dean and Liddy— not the President or Mitchell—who had the urgent motives to get the J. P. I. off the track in its investigation. The tape that brought it brought the President.

Finally down on the charge of obstruction is in fact the proof that what Dean had the real and urgent motives to do, he did do. Baldemon could not have held that fatal conversation with the President except on the instruction of Dean.

So, unless we are willing to let it go, and let every defendant, and every Agency, escape blame as best they can by putting the guilt on the President, it seems to me it is up to the J. P. I.—for its own honor if for nothing else—to go back to where it was when it got so brutally, and so successfully, diverted.
From the investigation, and pick up the track from there.

If the Watergate case, in real, as I think the evidence indicates it is, then Watergate has been the swindle of the century if not of the whole history of this country. And it is not only an administration and an F.B.I., who have been the victims. The press, the Congress, the Courts, and the people have all been used and swindled. If it can be done to one administration, it can be done to any; and government of the people, by the people, and for the people is dead. Self-government is done in without bloodshed, without overt take-over, without the people's even knowing that they have been swindled of their right to the services of the Government they have elected. If this is not a case lesson that is being studied with intense concentration in back alleys, and in some Capitols, around the globe, I don't know what is.

So I guess I am on my knees begging you, Mr. Kelly, to keep the case open, to keep the investigation going, until we are sure we have got to the bottom of Watergate.

Yours,
Margaret Hay

Enclosed for the Bureau are the following FD 302's for insertion into Bureau file:

(1) FD 302 of W. MARK FELT.
(1) FD 302 of SAC, CHARLES W. BATES.
(1) FD 302 of PATRICIA PRESOCK.
(1) FD 302 of SA GEORGE E. SAUNDERS.
(1) FD 302 of SA ANGELO J. LANO.
(1) FD 302 of RAYMOND LA ROCA.

For information of the Bureau, as the above interviews were conducted or contact made with SPO, copies of the enclosed FD 302's were made readily available to the members of the Watergate Prosecution force handling the Trial of JOHN N. MITCHELL and others. Appropriate notations were made at that time as to the fact that dissemination was made immediately.
W. MARK FELT, 3216 Wynford Drive, Fairfax, Virginia, was interviewed at his home by SAS ANGELO J. LANO and HUGH B. MC DAELEY. FELT was advised that the interview was being conducted at the request of the Watergate Special Prosecutor and primarily concerned FELT's recall of a conversation he had with L. PATRICK GRAY and/or JOHN WESLEY DEAN, III on June 29, 1972.

FELT was shown a copy of "BATES" memo to "C. BOLZ" dated June 22, 1972. His attention was drawn to pages six and seven wherein authority was granted to conduct interviews of MANUAL OCF/2X and KENNETH DALHBERG and then having the authority rescinded on June 29, 1974.

FELT advised he does not recall ever discussing with JOHN DEAN, the FBI's interest in interviewing people in Mexico City and KENNETH DALHBERG. He stated the CIA aspect of this case, to the best recollection, was handled strictly between GRAY and the CIA and not JOHN DEAN.

FELT said his primary talks with DEAN concerned investigation by Washington Field Office at the White House level and of certain persons at the Re-Election Committee. FELT recalled one conversation dealt with the interview of KATHLEEN CHENOW, former secretary to E. HOWARD HUNT in the Executive Office Building. FELT recalled that CHENOW was out of the country and DEAN said he would arrange to have her brought back and he would also set up the interview.

Another conversation dealt with making DAVID YOUNG available for interview, and asking DEAN to locate long distance toll call records for HUNT's Executive Office Building (EOB), office.

With respect to the CHENOW lead, FELT said it was possible that DEAN told him CHENOW was part of the CIA package, but again he is not positive of this.
In conclusion, FELT again reiterated that he did not speak to DEAN about CIA leads. He did not speak to DEAN about [REDACTED] and has no recollection of a call from DEAN ordering the FBI not to interview OGARRIO and DALHBERG.

FELT said in discussions with GRAY about Watergate matters, other persons present were the Assistant Director CHARLES BATES and Special Agent in Charge of Washington Field Office, ROBERT KUNKLE. In some instances, he may have met with GRAY alone, and passed on information by telephone to either BATES or KUNKLE.

FELT said that in connection with instructions received from GRAY on June 29, 1972, GRAY did not tell him who requested the delay.
CHARLES W. BATES, Special Agent in Charge (SAC) of the San Francisco Office of the Federal Bureau of Investigation (FBI), was interviewed at FBI Headquarters to determine if he had recollection of a conversation which took place on June 29, 1972, between himself and former Assistant to the Director, W. MARK FEJT. The conversation concerned the "holding in abeyance" of interviews to be conducted by the FBI in Mexico City and at Minneapolis, Minnesota. BATES was referred to pages six and seven of his memorandum dated June 22, 1972.

After examining his copy of the memorandum, BATES advised his best recollection of the events of early June, 1972 are his reported notes as reflected in the memorandum. Specifically, BATES advised that if FEJT was told to hold up on the interviews, it was because then Acting Director, L. PATRICK GRAY ordered it. If FEJT had received his instructions from anyone else, BATES is certain FEJT would have told him. He stated he does not recall FEJT telling him of a telephone call from JOHN DEAN on the morning of June 29, 1972 ordering the FBI not to conduct interviews of MANUEL OGARRIO and/or KENNETH DALIBURG.

He concluded his statement by saying that it would not be inconsistent with FEJT's statement, that is, that FEJT had no recollection of a DEAN call on June 29, 1972. BATES added that unless he, BATES, was present during each and every telephone call, he would have no idea as to who GRAY and FEJT were speaking to.
PATRICIA PRESOCK, Secretary, Office of the Press Secretary to the President, turned over to Special Agent GEORGE E. SAUNDERS, a 1972 desk calendar with the following explanation:

PRESOCK advised that the calendar originally belonged to JEB S. MAGRUDER, and that the notations which appear on it were made by VICKIE CHERN, a former secretary to MAGRUDER.

PRESOCK further explained that the previous day, August 5, 1974, she found the calendar in her son's toy chest. She stated the reason it was at her home, as she recalls, is that MAGRUDER's original appointments calendar was turned over to the Court during the original Watergate Investigation, and CHERN began keeping record of MAGRUDER's appointments on this desk calendar. While MAGRUDER's office was being prepared at the Inaugural Committee Headquarters, someone at the Committee for the Re-Election of the President, mentioned that all 'office supplies', were to be removed and could be taken home. Those items consisted mainly of pencils, papers and miscellaneous writing materials.

PRESOCK advised that to the best of her knowledge, she took nothing else that belonged to MAGRUDER.

SA SAUNDERS advised that the pages were those from a desk calendar used by JEB STUART MAGRUDER at the Committee For The Re-Election of the President (CREEP).

The pages from the calendar were furnished to SA SAUNDERS by PATTY PRESOCK, former secretary to MAGRUDER at CREEP.
On September 16, 1974, Special Agent ANGELO J. LANO of the Washington Field Office, turned over to Assistant Watergate Prosecutor GEORGE FRAMPTON, a 1972 desk calendar once the property of JEB S. MAGRUDER.

Burglary of Democratic National Committee Headquarters,

The following investigation was conducted pursuant to the request set forth in the December 2, 1974 memorandum of Associate Special Prosecutor James F. Neal:

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation (FBI). It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency nor duplicated within your agency.
BETTY M. WILCOX, 10 Second Avenue, Port Washington, New York (NY), was interviewed and she furnished the following information:

She advised that all of the information that she had furnished in her letter of November 29, 1974 to United States District Court Judge JOHN J. SIRICA, Washington, D.C., was accurate and that she did not feel that it was necessary to correct any part of her narrative contained in this letter. At the outset of the interview she orally furnished her personal knowledge of Watergate related matters at the request of the interviewing agent. This narration conformed to the content set forth in her letter to Judge SIRICA.

WILCOX advised that during the Summer months of 1971 former White House Chief of Staff H. R. HALDEMAN telephoned her from Washington, D.C. under the pretext that he was tracing his family tree. WILCOX stated that HALDEMAN explained to her that her great grandfather, HENRY BIRKEL, had helped the HALDEMAN family escape from Germany during a period of oppression. HALDEMAN told her that he felt that he would not be alive today if it were not for the assistance provided to his family by her great grandfather. HALDEMAN expressed his gratitude to her on behalf of his family.

WILCOX advised that subsequent to the above telephone conversation there followed a series of telephone calls from HALDEMAN to her. She stated that these telephone calls generally lasted for approximately 20 minutes. She advised that she could not estimate the entire number of telephone conversations she had with HALDEMAN and could only say that they were many in number.

She advised that during one of these telephone conversations HALDEMAN told her that the White House was concerned about leaks of classified information pertaining to the national security. He told her that he had set up an investigating unit at the White House which was known as the "plumbers" and that the prime function of the "plumbers" was to determine the origin of these breaches of security. She advised that HALDEMAN told her that G. GORDON LIDDY and HOWARD HUNT worked within the "plumbers" unit. HALDEMAN further related to her that there was a doctor in

California by the name of FIELDING who was of special interest to the "plumbers". She advised that HALDEMAN asked her if she would like to come to Virginia and work for him in connection with the "plumbers". She advised that HALDEMAN also asked her if she would be interested in taking a trip to California for the purpose of entering Dr. FIELDING's office as a prospective patient. HALDEMAN explained to her that the "plumbers" wanted to learn the manner in which FIELDING kept records concerning his patients. She advised that she told HALDEMAN that she would think about his proposal to her and would let him know in due course. She stated that HALDEMAN repeatedly brought this subject up during a series of telephone calls. Finally she decided to reject HALDEMAN's offer and informed him of her decision.

HALDEMAN had also asked her to come to work for him in Washington, D.C. as an administrative assistant. He advised her that he had rented an apartment for her in Virginia and that he was looking forward to the day that she would come to Washington. She advised that she decided not to accept his offer and so informed him during one of her telephone conversations with him.

She advised that she had heard that HALDEMAN became so depressed upon being informed of her refusal to come to Washington that he had to take three days off from work.

However, in spite of his disappointment over her refusal, the telephone calls from HALDEMAN to her continued.

SUBJECT
CHRIS HERLIHY
REPORTER
NBC EVENING NEWS
NEW YORK CITY
INFORMATION CONCERNING JOHN DEAN

Chris Herlihy, a reporter for NBC Evening News, New York City, phone 212-247-8300, contacted my office at 5 p.m. on 1/14/75 and advised that she would like a comment concerning the following information by 6 p.m. that evening. She stated that Carl Stern had interviewed John Dean at his home in California on that date and that Dean had furnished the following information:

That Charles Colson had told Dean while they were both in prison that he had read a number of CIA reports and that the CIA was up tight while Dean was testifying before the Watergate Committee as the CIA had listening devices in the Chilean Embassy in Washington, D.C., and they felt that Dean might know about these devices. Colson told Dean that the CIA had the FBI remove these devices from the Chilean Embassy.

Miss Herlihy also requested to know if the FBI had investigated a burglary in the Chilean Embassy in Washington, D.C., in 1973 and burglaries of three residences in New York City of Chilean Embassy employees.

EX-101 REG 68 139-4099-2155

The Intelligence Division advised that at the request of the Special Prosecutor's Office the Bureau investigated these burglaries and furnished a report to the Special Prosecutor's Office.
McDermott to Jenkins memorandum
Re: Chris Herlihy
NBC Evening News

Miss Herlihy was advised that in regard to the burglaries of the Chilean Embassy the Bureau, at the request of the Special Prosecutor's Office, conducted an investigation and she was further advised to contact the Special Prosecutor's Office for any additional information. She was also advised that the Bureau would make no comment as to Dean's allegations that at the request of CIA the Bureau removed listening devices from the Chilean Embassy.

SUBJECT: WATERGATE

This will record that on 2/11/75 Mr. John Kronin, General Accounting Office (GAO), telephone 964-6701, telephonically discussed with SA Charles A. Nuzum the fact that GAO is presently conducting an audit for the Ford Administration seeking to determine whether there was improper fiscal action by the Nixon Administration. Mr. Kronin advised he was aware that SA Nuzum was in charge of the various Watergate investigations and desired to know (1) whether the present GAO audit will conflict with any ongoing FBI investigations or with actions being pursued by the Department of Justice and the Special Prosecutor's Office (SPO); and (2) whether the FBI was aware of any particular areas that his audit should inquire into.

Mr. Kronin was advised that the FBI is not aware whether the Department of Justice or the SPO may be involved in areas at present which may conflict with the GAO audit and if he requires such information he may desire to contact those agencies direct. With respect to FBI investigations, Mr. Kronin was advised that all of these relative to the Watergate and related activities had been reported in detail to the Special Prosecutor, who would be knowledgeable of all investigation conducted. Mr. Kronin was informed that the Bureau's investigations did not direct themselves towards the possibility of improper fiscal action by the White House; rather, our investigation was directed towards securing all facts concerning various criminal actions, such as the burglary of Democratic National Committee Headquarters, Obstruction of Justice, Election Laws, and the like. Consequently, the FBI could not furnish him with any guidance as to areas he may wish to inquire into other than the activities of the "Plumbers" which have been thoroughly publicized. Mr. Kronin stated his agency was already aware of that situation and was working on that aspect. He expressed appreciation for the foregoing discussion and advised he has already preliminarily been in contact with the SPO.

Mr. William Colby, Director
Central Intelligence Agency
Langley, Virginia

Dear Mr. Colby,

I have studied all the publications available to me regarding Philby-Burgess-Maclean, and have carefully read all of the material thus far published regarding E. Howard Hunt. For what appear to me to be obvious reasons, I have concluded that Mr. Hunt was, from his days at Brown University, a soviet agent. In all probability, Frank Wisnor, Bissell, Barnes, Helms, Angelton, Osborn - one or more of them were also soviet agents. And with the witting or unwitting assistance of Colson, Young, Kroup, McCord, Sturgis, etc., they brought down the government, and, I might add, continue to threaten it.

This conclusion seems so patently obvious to me that a recitation of the reasons is unnecessary. Even a cursory reading of the three major books on Philby (in which I'm sure that "William Howard" is none other than our friend Hunt), the book by Szulc on Hunt, Hunt's auto-biography and his own fiction (Berlin Ending), reveal his real character, temperament, and more importantly, his point-of-view. The photograph that Hunt includes in his auto-biography of himself and Philby taken in 1948 is either the greatest example of unmitigated gall I've ever seen or a pathetic cry to be "found out."

The more disturbing, if not sinister, possibility, of course, is that poor Richard Nixon (and/or Kissinger, Haig) are part of a conspiracy. The tapes reveal Nixon's fear of blackmail. The little red box that "she" (Dorothy Hunt?) gave to Eddie Williams obviously contained dynamite. Either Nixon feared that Hunt would expose the governments (Johnson's, Connolly's, Hunt's?) and/or possibly his own complicity in the assassinations of the Kennedys, King and the attempted assassination of Wallace, or he feared the exposure of himself as a deep-cover agent for the Russians. (The latter theory, in addition to being preposterous, also destroys my entire case, so I refuse to entertain it!)
The question of whether Liddy was in on the Watergate "set-up" with Hunt, or whether he, with the help of "transcendental meditation" (their euphemistic term for hypnosis) was merely duped, I wouldn't hazard a guess. And speaking of transcendental meditation, how is that little "prayer group" (Is it "Spiritual Frontiers", per chance) that facilitated Colson's "conversion" doing? It appears a peculiar and obvious "cover" for heaven-knows-what-type of nefarious activities. How did Senator Hughes become involved in that set-up and why? All of this mind control and programming are simply too "mission impossible" for words.

Another question which troubles me is, where is Fred Malek? What has become of that singularly "undiscussed" background figure?

The homosexual characteristics of the "Nixon" men (almost all of them as far as I can detect) may or may not be relevant. It could have major importance, but it could be of only secondary, or relatively minor significance.

Which brings us to William F. Buckley, Jr. In addition to being Hunt's best friend, past CIA employee, executor of Dorothy Hunt's estate, and fellow literary "lion", he, like Hunt, is a monument of Conservatism. Need I say that with conservatives like them, we won't need left-wing radicals to undermine us. I can't help but speculate, and I assure you I'm only speculating, that maybe there is a reason for Buckley's temperament and style seeming to be so at odds with his peculiar, almost bizarre posture on most things political. Just a thought. I'm sending a copy of this letter to both Hunt and Buckley and maybe they'll feel compelled to sue me for slander.

I hope you will respond to this letter. I've been studying this material for a considerable length of time, and I believed it necessary, in view of the fact that these possibilities have not been raised, to forward my theories and conclusions to a number of sources. The extensive investigations presently being launched regarding all of the intelligence agencies, concerns me greatly. For while it is certainly necessary to closely control these agencies, many unnecessary and undesirable problems can develop if the "investigators" themselves are not fully informed and do not have a firm grasp of what it is that they are about. Occasionally I have a frightening mental image of Philby, Hunt and company all laughing uproariously when they speculate on the forthcoming investigations. If the entire affair weren't so fraught with danger maybe we could all laugh. I'm afraid that for all the wrong reasons, the investigation may prove to be nothing more than a cover-up of a cover-up of a cover-up.

I remind you of Senator Ervin's favorite Shakespearean quotation, "Oh what a tangled web we weave when first we practice to deceive." I implore you to scrupulously avoid the errors the British made regarding Philby-Burgess and Maclean. Why not simply
clean house and deport the lot of them? The people in the United States can stand the truth. What they can't stand are anymore lies and hypocrisy. I cannot believe that you people in the controlling positions are unaware of this simple fact. So summon up the courage, collectively, and open the can of worms. I for one, would like to see the perpetual smirk wiped off Hunt's "cat swallowed the mouse" face! How about a nice, slow boat to Moscow for him? Farewell romance! Nothing like a little Moscow apartment in which to fashion his future memoirs. I venture to say there will be fewer romantic spy novels issuing forth.

One other item. Was Dorothy Hunt really on that ill-fated airplane? On the basis of Hunt's own book, I gathered that all they had for identification purposes was her jewelry. I realize that this may not be correct, but if it is, are there any of Hunt's close women friends missing? So many of their friends and colleagues met with such dreadful mishaps. (Their French maid, for instance.) What if Mrs. Hunt were at this very moment comfortably enchonced in Moscow, taking tea with Philby and Mrs. Maclean. She would be telling them of Howard's brilliant coup and bringing news of their son, St. John Hunt, who I surmise was named after Kim Philby's own father, Sir Harry St. John Philby.

Mr. Colby, I don't know you, and obviously, I have no way of knowing whether you will see this letter or not. But at the risk of sounding like a pre-Skinnerian anachronism, I have grown rather fond of this beleaguered country, faults and all, and although I'm a bit of a socialist myself, I abhor Hunt's kind of treachery. When I think of all the "bodies" lying about—going back to the Kennedy assassination—just the ones I can count from here, not to mention all those that we'll probably never learn about, I implore you to really clean house, not engage in yet another rhetorical housecleaning. Why not, as poor Nixon used to say "go the hang-out road?" This period in America is like Hamlet's Denmark—the heaviness, the pervading gloom. Open the windows and let in the air! Show a measure of confidence in the people in this country. You managers or controllers or whatever you call yourselves, might be surprised at how much we as a group can take, and you might also be surprised at the resiliency and recuperative powers of the body politic. We've given you the power; now use it to our best interest.

I am awaiting contact from any or all of those who receive this letter. I used to think that no one wanted to know the truth, but I don't believe that anymore. I think that the time for truth is truly now. It is probably the only thing that will save us. Has the truth become so expensive that we, the richest country on earth, can no longer afford it.? If that is so, we are truly bankrupt. Our death knell has already sounded. If I believed that, I'd applaud Hunt, but I don't.

NOTE: Bufiles contain no information identifiable with correspondent. Investigation concerning the Jack Anderson disclosure of grand jury material is contained in Bufile 69-829. It should be noted that at that time, the USA was handling the prosecution of the break-in and the USA's files were turned over to the SPF. This file reflects in an LHM dated 12/21/73, from WFO, that the Criminal Division closed this investigation with a letter to USA in which USA was advised that the Department decided not to call Anderson before a Federal grand jury or prosecute anyone in this case. The FBI's participation in the other issues raised in this letter are contained in Bufile 139-4089, which is Watergate Break-in investigative file.

Sir:

During Watergate it was stated that everyone has "a right to know"--there are a few things I would like to which seem to have escaped some people, especially Judge Sirica.

A quote from the Boston Herald American 26 Sept. 1974..."the FBI is probing source of leaks...Watergate files." We read constantly that "no man is above the law" but how often did we hear that every man is guaranteed the full protection of the law?

Why has no investigation/action taken against Judge Sirica about the way he conducted Watergate grand jury probe et al--i.e.

1. When Jack Anderson and the newspapers printed verbatim testimony from the grand jury probe--why did Judge Sirica not declare a mistrial "A conspiracy is two or more conspiring to obstruct justice" depriving the people testifying before the grand jury of secrecy, Judge Sirica in my opinion, allowed the ones testifying to be tried by the press and deprived them of the full protection of the law--an obstruction of justice, I allege.

2. According to Bernstein and Woodward, in their book "All the President's Men," it was reported that a "Federal Judge gave them permission to interview 'jurors'!" Wasn't that tempering with a jury and a violation of the law? Why were not Bernstein and Woodward so charged also, the Federal judge, and what "law" gave him permission to allow that?

3. Judge Sirica wrote a five page discourse stating that he could not find the source of "leaks" from his Watergate probe--it was learned and made known that it was Archibald Cox himself, the Special Prosecutor, who passed information, secret grand jury testimony to Senator Kennedy. In my opinion Cox and Kennedy were in flagrant Contempt of Court--giving and receiving "secret information from a Grand Jury probe." Evidently they are above the law, while others by their (Cox and Kennedy) action get no protection of the law.

One more question--Frank Wills has said, in and on every statement, and I will be the first to admit I have not heard every statement that he ever made but--that he discovered the tape--made his rounds, came back 20 minutes later and found more tape! According to the New York Times 11 Nov. 1974 "A Watergate Footnote"..."they mystery man walked over to the restaurant Howard Johnson, together." The mystery man never identified. Why would Wills leave his post for that long a time with a man he did not know or be with him for 20 minutes and no learn his name? Did the police or FBI have a composite picture of a man printed in newspapers--if not why not--it seems that that would answer many unanswered questions.

Thank you for any help you can give me.

On September 30, 1974, trial Judge JOHN J. SIRICA granted the 'separation' motion of GORDON C. STRACHAN and ordered that STRACHAN be tried separate and apart from other defendants in this matter.

On November 25, 1974 Judge SIRICA dismissed one count of the Indictment against MITCHELL and EHRLICHMAN. That count dealt with the charge of Violation of Title 18 Section 1001 of the United States Code.

On January 1, 1975, the jury hearing this matter returned guilty verdicts against MITCHELL, HALDEMAN, EHRLICHMAN and MARDIAN. The jury acquitted PARKINSON of Conspiracy to Obstruct Justice. All defendants were released on their own recognizance pending imposition of sentence.

JOHN D. EHRlichman: Counts 1 and 2, 20 months to 5 years concurrent.
Counts 11 and 12, 10 months to three years to be served concurrently with each other and consecutive with counts 1 and 2. The above sentence is to be served concurrently with EHRlichman's sentence in Criminal Case 74-116, "Dr. LEWIS J. FIELDING, CIVIL RIGHTS."

ROBERT C. MARDIAN: Count 1, 10 months to 3 years

The above individuals were permitted to remain free pending appeal.
MAURICE H. STANS

(3) counts of violation of the reporting sections of the Federal Election Campaign Act of 1971, 2 U.S.C., Sections 434 (a) and (b), 441. (2) Counts of violation of Title 18 USC, Section 610, accepting an illegal campaign contribution.

MAURICE H. STANS entered guilty pleas to the five counts of the Information Judge LEWIS deferred imposition of sentence until a probation report could be obtain. STANS was released on personal recognizance.
JAMES WALTER MC CORD, JR.

On March 14, 1975, Judge JOHN J. SIRICA denied JAMES WALTER MC CORD, Jr, his motion for a new trial.

Previously, Chief Judge GEORGE L. HART had signed an order following the affirmation of MC CORD's conviction by the Supreme Court, that unless Judge SIRICA granted MC CORD a new trial, he was to report to the Federal Institution at Allenwood, Pa. on March 21, 1975.

WPO has advised that subject Frederick LaRue, former Assistant to President Nixon, was sentenced this morning by Judge Sirica for his participation in the cover-up by White House and Committee to Re-Elect the President officials. LaRue received a sentence of one to three years for Conspiracy to Obstruct Justice. He must serve six months with the remainder of the sentence being suspended. He will then be placed on probation for a period of two years. He is to report to the U. S. Marshal on 4/1/75 to begin serving his sentence. LaRue had pleaded guilty in U. S. District Court, Washington, D. C., in the summer of 1973 and was a Government witness at the trial of Haldeman, Mitchell, and others, which recently resulted in their conviction.

James Walter McCord, Jr., had filed a motion for a hearing for the presentation of new evidence. Judge Sirica this morning denied that motion. McCord has an appeal to the Supreme Court for a review of his case.

INTERCEPTION OF COMMUNICATIONS

a copy of an article from the magazine "Writers and
Artists", and copies of excerpts from three books reportedly
authored by Sigmore under the name of James Moore, all of which
are enclosed here for the Special Prosecution Force.

The source advised that James Moore resides at
319 West 48th Street, Room 126-28, New York City, and the three
books he is attempting to have published are entitled, "That
These Night Live", "If I Should Wake Before I Die"; and "These
Lives: Anonymous". All three books deal with a group of
investigators headed by one H. Richard Davis, reportedly a former
Central Intelligence Agency agent turned private investigator.

This group was first used by
President Truman in 1947 for the purpose of investigating
government corruption, and has worked for all Presidents until
it disbanded in September, 1972, due to insufficient funds.

The group used the name Inter-Agency Services, headed by
H. Richard Davis, who in several instances is referred to as
Robert Dawson in the excerpts from the books made available by
the source.
James Walter McCord

there was an attorney in Virginia closely involved with this operation by the name of Montrose Mitchell (phonetic), and that the one man in the White House at the time this group was operating who knew of its existence was Charles Colson.

No information was located in Bureau files to identify the Intra-Agency Services or that the letter dated September 8, 1974, from the Central Action Committee had been forwarded to the President and others.

Bureau files disclosed an investigation in 1960 regarding an Interstate Transportation of Stolen Property violation involving
James Walter McCord

Based on the limited background information available, a search of Bureau records relative to Richard Davis referred to as Robert Dawson and a former Central Intelligence Agency agent, were negative.

No investigation has been conducted by this Bureau based on the enclosed information. It is requested that the Special Prosecution Force review this information and furnish an opinion as to whether any investigation is warranted.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

advised that an individual by the name of JAMES MOORE, residing at 319 W. 48th St., Room 126-28, NY, NY, is presently in the process of having three books published. Source advised that all three books deal with a group of investigators headed by one RICHARD DAVIS, a former CIA agent turned private investigator. Source advised that MOORE said the group was first used by President TRUMAN in 1947 for the purpose of investigating Government corruption. According to MOORE, source said this group has worked for all Presidents until it disbanded in September, 1972, due to insufficient funds.

Also enclosed to the Bureau is an article source said is from the magazine entitled "Writers and Artists" in which the publishers of MOORE's books supposedly verified his story of a "secret spy agency."
Also enclosed for the Bureau are materials relating either to background information re RICHARD DAVIS or excerpts from MOORE's upcoming books. The titles of the books are:

1. That These Might Live
2. If I Should Wake Before I Die
3. These Lives: Anonymous

External Affairs Division has requested the views of General Investigative Division relative to disclosure of some information from the Watergate investigation aimed at restoring to the FBI any prestige lost during that investigation. Such information could also serve to dispel the false impression left by the book "All the President's Men" that its authors, Carl Bernstein and Bob Woodward, not the FBI, solved the Watergate case.

As you will recall, the FBI did conduct a most thorough and comprehensive investigation in this matter and a comparison of the chronology of our investigation with the events cited in "All the President's Men" will show we were substantially and constantly ahead of these "Washington Post" investigative reporters. In essence, they were interviewing the same people we had interviewed but subsequent to our interviews and often after the interviewee had testified before the grand jury. The difference, which contributes greatly to the false image, is that the "Washington Post" blatantly published whatever they learned (or thought they learned) while we reported our findings to the U. S. Attorney and the Department solely for prosecutive consideration.

Although prosecution of those involved in the break-in and subsequent cover-up has been accomplished, appeal litigation continues and can be expected to continue for many many months.

RE: 2089-7722

AUG 8 1975
Memorandum to Mr. Gebhardt  
Re: JAMES WALTER MC CORD

The prestige enjoyed by the FBI rests in larger part on our investigative expertise which is surrounded by our sense of fair play and respect for the individual rights of the accused. Accordingly, we should not abandon these ideals to recover any lost prestige. Our investigation was conducted exclusively for the U. S. Attorney and the Department, initially, and for the Special Prosecution Force (SPF) since its formation. It is believed that at this time we must obtain concurrence from that office before disclosing any information. In view of the appeals pending, and the ever-present realization that a reversal of any of the convictions could result in a new trial, the disclosure of any information could seriously jeopardize the subsequent efforts of the Government to obtain justice in these cases. Certainly, we would be on perilous grounds to disclose information without the concurrence of SPF.

In order to dispell the false impressions gained from "All the President's Men", it would be necessary for us to disclose substantial details. Any publication by us should, of necessity, be devoid of generalities and certainly any writer, publisher, or news media representative would, rightfully, demand specifics to do a professional story.

RECOMMENDATIONS:

1. General Investigative Division believes that the disclosure of any information prior to the exhaustion of all appeals in these cases could jeopardize the Government's position and in any event could not be disclosed without the concurrence of the SPF. General Investigative Division therefore opposes disclosure of any information at this time.

2. That Legal Counsel Division review this question and provide External Affairs Division with its observations as to our position in this matter.

INTERCEPTION OF COMMUNICATIONS

DATE: 3/28/75

In R. E. Long to Mr. Gebhardt memorandum dated 3/25/75, captioned as above, it was recommended that Legal Counsel would review the question of possible disclosure of information concerning the Bureau's investigation of the Watergate matter in an effort to add to FBI prestige concerning the solution of the case. It is noted that the effort proposed would be to counter the notion that the Watergate investigation was solved by efforts of certain members of the press. The specific proposal is that the Bureau disclose certain information derived from the investigation.

While I recognize that it would be most beneficial to the Bureau if it could be publicly understood that the Watergate investigation was successful principally due to the efforts of the FBI, there are some difficulties that interfere with undertaking such a project at this time. For example, I believe it would be essential that we secure the authorization of the Special Prosecutor prior to release of any information collected during the investigation which was under the general authority or direction of the Special Prosecutor's Office. That limitation would involve a good deal of the investigative results. Therefore, it would be a principal concern in any effort by the Bureau to publish such information.

Further, our publication of information from the investigation could yet interfere with civil suits that would involve the principals in the case, as well as potentially interfere with criminal actions that may yet be prosecuted and which may arise from that investigation.

1 - Mr. Mintz
JAM: mfd
Memorandum to Mr. Adams
Re: James Walter McCord, et al.

Aside from the legal considerations stated above, I believe that there are non-legal factors that should be considered. For example, publicity by the FBI concerning our success in investigating this case would invite responses from certain segments of the press that would likely point out the probable misconduct of the former Director of the FBI concerning efforts that may have been made to interfere with the Bureau's investigation and actions that he may have taken in destroying certain evidence in the case while he was still Acting Director of the FBI. In addition, publication by us of information resulting from the investigation could reopen charges that the FBI leaked certain information during the course of the investigation. Such charges may well have been true and it would not be of benefit to the FBI to have those matters discussed in the press again.

If it is desired that the Bureau be given appropriate credit for the excellent work that was done by the General Investigative Division, Washington Field Office, and others participating in the investigation, I suggest that a more appropriate manner of publicizing those facts would be to have a very credible spokesman unrelated to the FBI to make the necessary public statements. Such a spokesman could be former Special Prosecutor Leon Jaworski who better than anyone else is in a position to know exactly what was and what was not accomplished by the FBI in solving the Watergate investigation.

RECOMMENDATION:

Memorandum

TO: Mr. Jenkins

FROM: D. W. Moore, Jr.

DATE: 7/22/75

SUBJECT: WATERGATE AND RELATED MATTERS

Reference is made to memorandum dated 7/15/75 from L. E. Rhy to Mr. Gebhardt (copy attached) which sets forth the total number of manhours expended by the Bureau on Watergate and related matters. It is felt that this matter is newsworthy; however, prior experience has shown that the media would only utilize these figures if we could place a dollar value on them. Accordingly, it is believed if an approximate dollar value can be placed on these figures that this material could be furnished to the media.

RECOMMENDATION

That consideration be given to placing a dollar value on the total number of hours expended by the Bureau on Watergate and related matters.

ADDENDUM: GENERAL INVESTIGATIVE DIVISION GDR: dac 7/24/75

The Administrative Division by addendum to the 7/15/75 memorandum advised that the total time expended from inception of the Watergate investigations through 6/30/75 includes 42 Agent man-years and 17 clerical man-years. The amount expended for personnel compensation totaled $1,143,524 and for other expenses $147,050 for a grand total of $1,290,574.

Memorandum

TO       Mr. Gallagher

FROM    L. E. Rhyne

SUBJECT   WATERGATE AND RELATED MATTERS

DATE: August 5, 1975

1 - Mr. Gallagher

1 - Each Assistant Director

This is to recommend discontinuance of gathering clerical and Special Agent man-hours spent on subject matters.

Cost data has been gathered from the field since 11/1/73. At that time, it was anticipated that the Watergate Special Prosecution Force (SPF) would utilize the FBI on a reimbursable basis. This has not been the case.

Since inception of the Watergate investigations through 6/30/75, 42 Agent man-years and 17 clerical man-years have been expended. The amount spent for personnel compensation total $1,143,524, and for other expenses $147,050 for a grand total of $1,290,574. In June 1975, personnel time expended on Watergate matters cost $4,065. It is anticipated that SPF will soon be closing its operations and the Statute of Limitations is about to run on many of the Election Law violations. We still have a few pending matters under investigation at the request of the SPF. However, in terms of overall manpower utilization it is negligible, as only about 10 field offices are actively engaged in any type of Watergate investigation.

The discontinuance on gathering cost data has been coordinated with the Administrative Division, Budget and Accounting Section, and it was determined that no special reason continues to exist to gather this cost data.

RECOMMENDATION: If discontinuance of gathering the man-hour figures for time spent on Watergate investigations is approved, that attached airtel be sent to all offices.

JUNE 17, 1972
INTERCEPTION OF COMMUNICATIONS
(Accounting & Fraud Section)

Recently national publicity has been given to the existence of the possible plot to assassinate or drug Syndicated Columnist, Jack Anderson, by E. Howard Hunt convicted Watergate burglar. Hunt in an interview with Time Magazine said former White House Aide, Charles Colson once suggested that Anderson might be discredited if he appeared on his live radio program under the influence of a drug. Hunt and G. Gordon Liddy, another convicted Watergate burglar discussed the means for doing this, but never contemplated murder.

Henry S. Ruth, Jr., Special Prosecutor, requested that Cuban informants in the Miami area be canvassed to determine if they ever heard of such a plot. Ruth further requested that in addition to the inquiry regarding the Anderson plot, that the inquiry include if any information was ever received regarding a plot to assassinate Daniel Ellsberg.

Promptly conduct above investigation. Submit results to FBIHQ by LHM (4 copies) suitable for dissemination to Special Prosecution Force.

NOTE: Memorandum L. E. Rhyne to Mr. Gallagher dated 10/17/75, sets forth information regarding contact by Henry S. Ruth, Jr., who in addition requested that informants in the Cuban community in Miami be canvassed regarding this matter.
Gentlemen:

In January, 1973 I met with Mr. Carl Silbert at the Federal Courthouse in Washington, D.C. and told him of some indirect knowledge I had of Watergate matters. He was quite interested at the time and he directed me to the main agent in charge of the Watergate investigation. I presented him with a tape recording, approximately 25 minutes long, of taped conversations, including dates, places, names, addresses, etc., of various people directly involved in the whole mess.

For some obscure reason, the information I gave never was used and as a result I suffered the loss of a $40,000 a year job plus defamation to my character, loss of a store, etc. It turns out a year later, most of the same material on which I was used & made public...
I am entitled to have that tape returned to me along with a notebook I had given to the O STRIKE forces in Pittsburgh. In the same month I don't want any typical bureaucratic delay in having the tape returned and I don't want any explanations, either, why the documentation I offered was never used. Check in a book coming out shortly which will answer several unanswered matters.

Please send tape and notebook to the above address.

Yours truly,

NOTE: Schuler alleges he turned over a tape recording to the FBI. A review of the interview conducted by Special Agents of WFO in January, 1973, disclosed Schuler had notes in his possession which were copied. This interview makes no mention of a tape recording. It is believed desirable to have WFO and Pittsburgh review its files regarding Schuler prior to acknowledging his letter.

INCEPTION OF COMMUNICATIONS

PURPOSE: To set forth request from Special Prosecutor, Henry S. Ruth, Jr., regarding any information we may have in our files regarding the assassination plot against Jack Anderson. A review of our files discloses no such information.

DETAILS: Henry S. Ruth, Jr., Special Prosecutor, telephonically contacted Section Chief, Louis E. Rhyne, 9/30/75, in reference to recent newspaper articles reporting that E. Howard Hunt had contemplated the murder of Jack Anderson, a Washington Syndicated Columnist. Ruth requested that we review our files regarding the Watergate investigation to determine if we had ever received any such information from informants or during the course of our investigation. He indicated that they had conducted some interviews and reference had been made that such a plot may have existed, however, no concrete facts have been developed, that such was the case. Ruth also indicated that possibly there was a plot to assassinate Daniel Ellsberg.

In an interview in the current issue of Time Magazine, convicted Watergate Burglar E. Howard Hunt, OCT 10 1975 said former White House Aide, Charles Colson, once suggested that Anderson might be discredited if he appeared on his live radio program under the influence of a drug. Hunt and G. Gordon Liddy, another convicted Watergate Burglar, discussed the means for doing this, but never contemplated murder as was previously reported. Hunt said it was just another wild idea that never got beyond the proposal stage, in the interview with Time. Hunt denied that any action as serious as murder was ever contemplated, but revealed the drugging plot.
Memo to Mr. Gallagher
Re: JAMES WALTER MCCORD AND OTHERS

A review has been conducted of files maintained relative to the Watergate investigation and no information was found to indicate that we had any knowledge of such a plot nor was any reference to such a plot found relative to Jack Anderson or Daniel Ellsberg.

On 10/1/75, Mr. Ruth was advised of the above and no investigation will be conducted unless specifically requested by the Special Prosecution Force.

ACTION: For information.

E. Howard Hunt and C. Gordon Liddy planned and "set up" the abortive Watergate burglary to create a national scandal that would prevent Nixon's re-election to a second term as President. They knew from the beginning that in order for their plan to succeed it would be necessary for the team to be captured by the police. The Cubans were selected with this in mind.

James McCord, from the Committee to Re-Elect the President (CREP), was tricked "at the last minute," into entering the Watergate Complex with the regular members of the burglary team, because it was necessary (for the success of Hunt and Liddy's plan) to establish a highly visible link between the burglars and the President.

Soon after the burglars (plus McCord) entered the Watergate Complex, the nightwatchman was tipped off as planned, and he called the police. The burglars surrendered peacefully, and when they were searched for identification the police found consecutively numbered one hundred dollar bills and White House telephone numbers. The burglars were taken to jail.

John Dean's very effective efforts to keep the Watergate Incident out of the headlines until after the election prevented the success of Hunt and Liddy's original plan (to create a scandal that would prevent Nixon's re-election). But the true intentions of the burglars had not been discovered. Hunt and Liddy remained silent and waited. President Nixon was busy with the election, and had assumed like everyone else that the burglars were misguided pranksters loyal to the President, and he remained loyal to them. Even James McCord, who had been "hustled" into going to jail with the burglary team, did not suspect the motives of Hunt and Liddy.

After the election was over, and Nixon had begun his second term as President, the news media, inspired by those who had originally inspired Hunt and Liddy's plan, began to step up the pressure for a full investigation of the Watergate "scandal," and John Dean's efforts to "keep the lid on the Watergate" gradually became less and less effective.

President Nixon was under great pressure in the field of Foreign Affairs, and he left the incident in the hands of the up-til-now very capable and effective John Dean. But Dean was now fighting a very large war by himself, and without concrete evidence that would clarify the motives of those behind the Watergate Incident it was not possible for him to fully understand the true nature of the problem, or to convincingly communicate its seriousness to the President.

It was not until E. Howard Hunt demanded a million dollars (to pay off the Watergate lawyers) that President Nixon realized that the burglars were neither loyal to him, nor were they pranksters. It was then that the true dimensions of the problem began to become clear, but by then the Watergate had become an international incident, public opinion in the United States had been "mobilized" against the President, those who might have supported him became involved in troubles of their own, and before the year was out the President of the United States was forced to resign, in order to avoid impeachment in the Senate.

E. Howard Hunt is a long-time agent of the Central Intelligence Agency in possession of a large amount of information vital to the security of the United States. The Watergate Incident thus becomes a matter of national security in every legitimate sense, and legally justifies the President's efforts to keep the true facts from the eyes of the world.

But beyond the question of legal justification, President Nixon is innocent of any involvement in the illegal activities that have been committed in his name by various agents of the CIA and other governmental agencies, sometimes in conjunction with members of the Mafia and other criminal organizations, which these people are now trying to lay at the feet of the Presidents under whose administrations these activities took place.

Adam Walinsky and Peter

that he had played an active
role in stopping the assassina-

Walinsky, now a lawyer in
private practice in New York,
said that Kennedy disclosed
that he had received “as-
surances in writing” from the
CIA that the attempted as-
sassination had been aborted.

These assurances came after
Kennedy discussed the issue

On March 3, 1967, Jack An-
derson, the syndicated colum-
nist, reported that the CIA
may have plotted Castro’s as-
sassination and depicted Ken-
edy as the official who “may
have approved the operation.”
Anderson also noted what he
termed “persistent rumors”
to the effect that Castro may
have become aware of the
American plot and decided to
retaliate by having President
Kennedy assassinated in 1963.

Because of that possibility, the
columnist suggested, Senator
Kennedy may have been blaming
himself for the death of his
brother.

The column, published at a
time of strained relations
between Senator Kennedy and
President Johnson, was “outraged”
the senator, Walinsky recolled, and led to the dis-
cussion of the alleged CIA
mafia assassination attempt.

“Whatever Kennedy said

SCHULER was interviewed on that date by WFO SAs DANIEL C. NAHAN and ANGELO LAMO. During the course of the interview, SCHULER displayed a large notebook which contained, in his handwriting, information concerning interviews he had conducted in South America. SCHULER removed four pages from this notebook and he made available to the interviewing Agents for inspection. These pages contained nothing more than actual accounts of the burglary as they were reported in newspapers.

At the time of the interview SCHULER had a brief case handcuffed to his wrist. He also had a small cut on the back of his head which he stated he received as a result of an attack the previous evening in Pittsburgh, Pa., by persons who were aware that he was carrying what he termed was very important evidence in the Watergate matter. SCHULER permitted the interviewing Agents to make xerox copies of the four pages of notes he had and these pages are currently maintained in the WFO file. Neither SCHULER's notebook nor the original pages that were copied were taken by the interviewing Agents. There is no indication in the WFO file that SCHULER ever displayed or furnished to the interviewing Agents any tape recording.

At the time of the interview, SCHULER stated that he had additional documents in a safe deposit box in Pittsburgh, Pa., which he was going to turn over to the FBI.

Result of examination:

Partly because of the lack of comparable writing
and partly because of discrepant characteristics in the
known and questioned writings, it was not determined whether
specimens Q109 and Q110 were or were not prepared by any of
the subjects in the above-captioned matter or by any of the
individuals whose known writings were submitted in connection
with the case entitled "Ronald Henry Segretti; Election Laws."

It was not possible to determine the date of
preparation of specimens Q109 and Q110.

Photographs of specimens Q109 and Q110 have been
retained.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED

NOV 26 1975
TO: Mr. Walsh
FROM: S. R. Burns
SUBJECT: WATERGATE SPECIAL PROSECUTION FORCE REPORT

DATE: 10/29/75

By memorandum dated 10/17/75 from R. G. Gallagher to Mr. Adams, captioned as above (copy attached), one copy of the Special Prosecution Force Report on Watergate dated October 1975 was furnished to each division for their review and comments which in turn are to be forwarded to the General Investigative Division (GID). GID will then prepare a summary memo.

The report has been reviewed for information relating to matters falling within this Division’s operational functions. Nothing in the report directly refers to or has a direct effect upon the functions of a section or unit in the Administrative Division.

Under the section of the report captioned "Concluding Observations and Recommendations" it is stated under the subcaption Congressional Oversight (page 142), "Recent disclosures about some of the activities of the CIA, FBI, and IRS suggest that such oversight has been seriously deficient in the past. Oversight should include regular review of agency policies, the nature of prior programs, allocations of resources, intelligence programs, internal inspection procedures, compliance with audit requirements, and similar indications of the manner in which such agencies are performing their sensitive functions."

The implication of the above-quoted segment of the report cannot be accurately measured at this time, but we most certainly should give ourselves for further monitoring from outside agencies such as GAO, and requests for information from congressional committees.

RECOMMENDATION: EX 104

None. For information and have forwarded to the General Investigative Division.

Memorandum

TO: Mr. Adams

FROM: R. J. Gallagher

DATE: 11/20/75

SUBJECT: WATERGATE SPECIAL PROSECUTION FORCE REPORT

Reference is made to R. J. Gallagher memorandum to Mr. Adams dated 10/17/75, furnishing a copy of the above report to each division for review and comments. A summary of comments received from the divisions indicate a general consensus that the report was generally favorable to the FBI's handling of the investigation. At the suggestion of the Training Division, the report is being furnished the Academy Learning Resource Center for purposes of reference.

A review of this report discloses references made to the FBI's Watergate investigation are favorable.

According to the report, one of the Special Prosecutor's most difficult early decisions was whether to use the FBI as the principal investigative arm or to hire his own staff. After weighing all the evidence and being satisfied that alleged improprieties by some former high FBI officials did not involve those who would be responsible for the work to be done, he decided to continue to use the FBI to conduct the investigations.

The report states "There also appeared to be no basis for doubting the integrity or diligence of the Agents who had actually conducted the investigations to date and who would presumably be the ones to continue this work under the direction of the Special Prosecutor."

By letter dated October 16, 1975, to Director Kelley, Henry S. Ruth, Jr., Special Prosecutor forwarded a "Summary of October, 1975, Report of Watergate Special Prosecution Force," and stated he relied heavily on the Bureau for investigative assistance in many extremely important areas. Mr. Ruth expressed appreciation to the Director and each of the Agents and the supervisory personnel who cooperated so well in the mission of his office.
